12 for \$2.00

Pink Cushion—Most popular Mum and one of the greatest of all hardy plants. Succeeds everywhere, making a compact bush about 2 feet tall and 2 to 3 feet wide. Completely covered with exquisite shell-pink flowers from early September to late fall.

The following Mums are similar to Pink Cushion except flowers are different color.

Bronze Cushion—Bronze flowers.

Red Cushion—Red flowers.

White Cushion—White flowers.

Yellow Cushion—Yellow flowers.

All 5 for \$1⁰⁰
POSTPAID

Aglow—Sparkling orange, very fine.

Barbara Cumming—Large, bright yellow flowers completely cover the compact plant, 2 feet tall, from early September on.

Early Bronze—Second in popularity only to Pink Cushion. Makes a rounded bush 2 feet tall which from early September almost to Thanksgiving is covered with hundreds of striking golden-bronze flowers.

Elegance—Lovely American-Beauty rosy-red.

Jean Cumming—The finest white, with large flowers on plants 3 feet tall. Starts blooming Sept. 15th.

Lavender Lady—Very large lavender blooms, starts blooming last of September.

Lovelight—Light pink with a touch of lavender.

Pigmy Gold—Especially fine in the border as it makes a low spreading bush, which from early September on is a mass of bright yellow blooms.

Rose Glow—A fine new pink, starts blooming latter part of September.

The Chief—A stunning flower. Bright scarlet with back of petals shining gold. Starts blooming last of September.

Vivid—This fine red starts blooming last of September. Makes a strong bush almost 3 feet tall, big double flowers.

GIANT COLLECTION

1 **California Idol**, yellow
1 **Clara Carder**, pink
1 **Hunt's Velvet Wonder**, purple

All 3 only \$1⁰⁰

(Regular price \$1.55)

Three magnificent dahlias, very large blooms, beautiful colors. You will say California Idol alone is worth entire price.

POMPON COLLECTION

1 **Blue Eyes**, blue-purple
1 **Edith Mueller**, orange
1 **Emaline**, yellow
1 **Fairy**, pink
1 **Little Bing**, red
1 **Snowclad**, white

All 6 for \$1⁰⁰

(Regular price \$1.50)

These small flowers are produced so abundantly, fine for garden and cutting.

10 for \$1. COLLECTION

This is a special "Clean-up" price. These dahlias, all different, are not labeled but we actually include some which sell for 40c each. If you want beautiful flowers and do not care to know the names (many will recognize choice varieties) this is our greatest dahlia offer.

10 for \$1⁰⁰

AMERICA'S MOST POPULAR DAHLIAS

Every dahlia we sell is guaranteed to be satisfactory not only when you get it but also when it blooms. With every order we send complete planting instructions. A medium size bulb will do better than a large, sappy, overgrown bulb. **ALL DAHLIAS ARE POSTPAID.**

Avalon—Our favorite yellow because its large, perfect, clear yellow blooms are produced so freely. The blooms are almost 3 times larger than pictured. **Each 25c.**

California Idol—Giant pure yellow blooms, often 10 inches across (as wide as this book is long). Strong, healthy grower. It wins the blue ribbons. **Each 75c.**

Clara Carder—Very large flowers of the most beautiful shade of pink you ever saw. The plant is such a strong, healthy grower and blooms so freely. **Each 40c.**

Dwight W. Morrow—Gigantic blooms of rich deep crimson. **Each 50c.**

Forest Fire—A spectacular flower, large, flame red with flashes of yellow. It actually looks like a forest fire. **Each 65c.**

Hunt's Velvet Wonder—Huge blooms, many 10 inches across, of rich true purple, a color so lovely you will go look at it many times a day. **Each 40c.**

Jane Cowl—Greatest of all dahlias. A glorious flower, 4 times larger than pictured, buff and gold with a touch of apricot at the center. **Each 25c.**

Jersey Beauty—Most popular pink in all America and well deserves it. Exquisite pink flowers of perfect form, on long stems, freely produced. Blooms 2 times larger than pictured. **Each 25c.**

Kathleen Norris—Very large flowers of true rose-pink toned coral. **Each 50c.**

Lord of Autumn—Immense blooms of deep yellow. The bulbs are long and slender. **Each 75c.**

Mrs. I. De Ver Warner—Lovely blooms of lilac-lavender, 3 times as large as pictured, produced very freely. **Each 25c.**

Pride of California—The brilliant scarlet-crimson flowers are produced continuously from late summer until freezing. Blooms are 2 times larger than pictured. **Each 25c.**

Prince of Persia—Enormous flowers of rich scarlet-red. **Each 40c.**

Thomas A. Edison—Striking blooms of rich royal purple. **Each 40c.**

Wm. H. Hogan—A very beautiful and different flower, red edged and tipped white, freely produced. Blooms are 3 times larger than pictured. **Each 40c.**

3 Most Popular Dahlia Collection

1 **Jane Cowl**

1 **Jersey Beauty**

1 **Mrs. I. de ver Warner**

1 Each of all 3 for 60c

POMPON DAHLIAS

The flowers are small, 2 to 3 inches across, perfect in form, and produced continuously for many weeks. They are beautiful in the garden and very fine for cutting. The colors are rich and glowing. You will like them. The bulbs are smaller than the larger-flowered varieties, but it is astonishing how freely they bloom.

Blue Eyes—blue-purple. **Each 25c.**

Edith Mueller—orange. **Each 25c.**

Emaline—yellow. **Each 25c.**

Fairy—pink. **Each 25c.**

Little Bing—bright red. **Each 25c.**

Snowclad—white. **Each 25c.**

COMPLETE INDEX ON PAGE 9

INTER-STATE'S GUARANTEE

AND THE MEN BEHIND IT...

Carl O. (Billy) Sjulín

L. R. (Les) Sjulín

D. L. O. (Dave) Sjulín

The Inter-State Nurseries are owned and operated by three brothers, Carl O., Leslie R., and David L. O. Sjulín (this is a Swedish name and is pronounced "Shoe-lin"). Practically born and raised in the nursery business, we have grown to be the Largest Direct-to-You Nurseries in America, with hundreds of thousands of customers, from the Atlantic to the Pacific, from Canada to the Gulf. We own and operate 1300 acres of the finest soil in the world, ideal for growing nursery stock.

GUARANTEE

1. We guarantee our stock to be true to name; if it proves otherwise, we will replace free or refund the amount you paid us for it.
2. We guarantee our stock to be first quality and to reach you in good, live, growing condition. Examine it carefully upon arrival, and, if you are not entirely satisfied, return it at once at our expense and we will replace it free or refund your money.
3. Our stock is carefully handled and full of vitality, and under ordinary conditions should grow for you. But if it does not, owing to the weather and other conditions over which we have no control, we will help share the loss by replacing at half price the following season, you to notify us not later than October 1st, 1941.
4. It is our earnest endeavor to satisfy our customers. We want you to be satisfied not only when you get our stock but also afterwards. When our fruits bear, when our roses bloom, when our seeds produce, etc., we want you to be enthusiastic about them. If anything is not as good as you think it should be, we want you to write us.

IT'S *Safe* AND *Saving* TO BUY FROM INTER-STATE

America's Largest Direct-to-You Nurseries

Because we grow and sell direct-to-you more nursery stock than any other nursery, we can sell first quality stock at reasonable prices. Here, at the junction of the four states, Iowa, Kansas, Missouri and Nebraska, we have an unusually favorable location for the growing and shipping of nursery stock. Our Marshall Loess deposit soil is rated as the finest for growing nursery stock. It produces wonderful roots and fine tops.

Why You Should Buy Nursery Stock From a Nursery!

The growing and handling of nursery stock is a highly specialized business and requires expert knowledge and training. Nursery stock is alive and perishable, so must be handled under proper conditions, in a suitable building. Our nursery storage building is especially designed for this purpose. The ordinary building or store is entirely too warm and dry for handling nursery stock. Our employees are trained nurserymen. Grown right, handled right, shipped right, this means our stock will not only live, but it will grow faster and do better.

Plant Inter-State Seeds

If you have not used any of our seeds, plant some this spring. You may think all seed is alike. But you will be astonished at what a fine vegetable garden or beautiful flowers you will get from our seeds. They are unconditionally guaranteed TO GROW IN YOUR GARDEN.

Planting Nursery Stock and Seeds is a Profitable Investment

We hope you will enjoy looking through this book. Whatever you buy from it will be a profitable investment. The joy, pride, and satisfaction that come from having a beautiful home, a lovely garden, cannot be measured in dollars. To our old customers we express our sincere thanks for your orders and double thanks to those of you who have so kindly recommended us to your neighbors and friends. You who have not tried our nursery stock and seeds can rest assured that any order sent to us will be handled so that you will become a steady, friendly customer.

THESE VALUABLE GIFTS Free FOR ORDERING EARLY

TAKE YOUR CHOICE OF 10

Many people wait until the very last minute before ordering. This makes our place just like a big department store during Christmas rush. If we get your order earlier, then we can do all the preliminary work such as booking order, writing labels and tags, zoning, etc. Then when shipping time comes, there is no delay in sending out your order.

Therefore, if you will send us your order for nursery stock (these Free Premiums apply only on orders for nursery stock) reasonably early, you may select Free Premiums as per the following schedule:

On Nursery orders of \$3.00 to \$4.50, you may select ANY ONE of the 10 Free Premiums.

On Nursery orders of \$4.50 to \$7.50, you may select ANY TWO Free Premiums.

On Nursery orders of \$7.50 to \$10.00, you may select ANY FOUR Free Premiums.

On Nursery orders of \$10.00 and up, you may select ANY SIX Free Premiums.

- No. 1— **3 Large Regal Lilies** worth 50c.
- No. 2— **2 Phlox, our choice**, worth 50c.
- No. 3— **2 Delphiniums, our choice**, worth 50c.
- No. 4— **4 Autumn King Iris**, worth 50c.
- No. 5— **1 Nectarberry and 1 Parker Youngberry**, worth 60c.
- No. 6— **12 Gladiolus, assorted colors**, worth 50c.
- No. 7— **1 Felix Crousse Peony, bright red**, worth 40c.
- No. 8— **1 Crown of Gold Peony, fine white**, worth 40c.
- No. 9— **1 Mons. Jules Elie Peony, pink**, worth 50c.
- No. 10— **1 Everblooming Rose, our choice**, worth 50c.

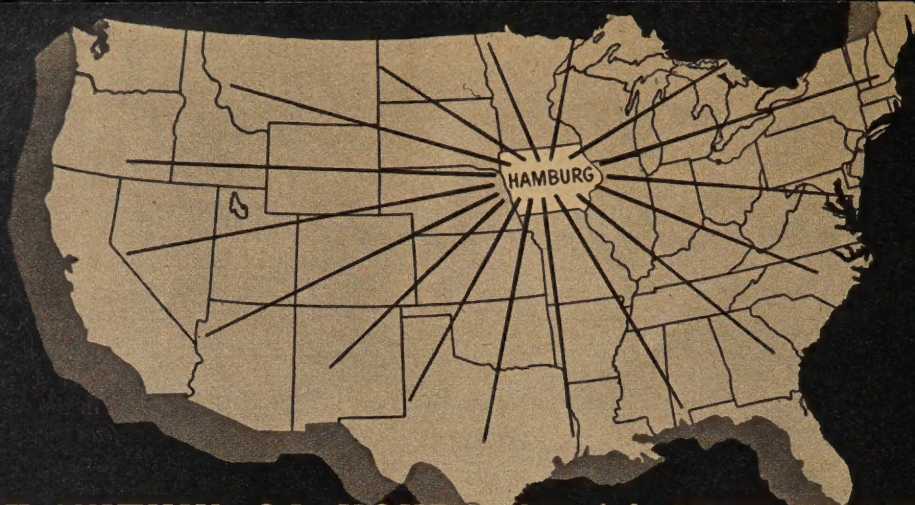

When you get two or more Free Premiums, they may be alike or different; your choice. Please be sure and write on your order the Free Premiums you select, so they can be included right with your other stock (otherwise none will be sent). In case we should run short of some items toward the end of the season, we reserve the privilege of changing premiums.

Remember, the Nursery Stock Is not Shipped Until Planting Time!

HELPFUL PLANTING GUIDE FREE

With every nursery stock order, we send Free a 24-Page Planting Guide. It gives real practical information, with many illustrations. It tells in a clear, simple way how to plant so that even if you have never done any planting, you can have success. It tells, also, how to prune, water, care for plants over winter, how far apart to plant, etc. You would not take dollars for this book if you could not get another.

WE ARE WITHIN 24 HOURS OF $\frac{1}{2}$ THE UNITED STATES

As shown on the map above, Hamburg is within 24 actual train hours of more than half the entire United States. The mailman makes us neighbors. Right there in the quiet of your own home, you can carefully look through this catalog and select exactly what you want. In a few hours your letter reaches us. Then soon your order is on its way to you and a few hours later your postman will deliver it to your door. Of course stock which is ordered early in the season is not

shipped until the right time for planting. Our stock is packed very carefully, using the best materials, and is guaranteed to reach you in first-class, live, growing condition, with all its natural vigor and vitality.

Thus you have right at hand, all the stock, all the service of the Inter-State Nurseries—**STOCK AND SERVICE THAT HAVE MADE THIS THE LARGEST INSTITUTION OF ITS KIND IN AMERICA.**

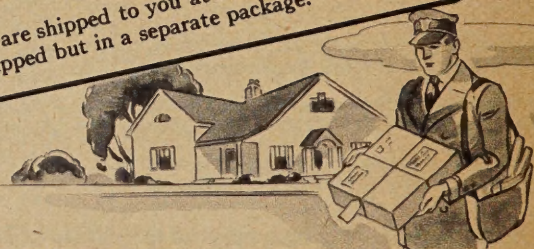

EASY TO ORDER

Nothing could be easier than sending us an order. You look through the book and select what you want. Between pages 24 and 25 is an order blank for **NURSERY STOCK** and between pages 56 and 57 is an order blank for **SEEDS**. Of course you do not have to use these order blanks but can write on any sheet of paper. If you put your seed order on a separate sheet from your nursery order, then the seed order goes to the seed department without having to go through the nursery department, thus giving you quicker service on seeds. Write down what you want, being sure to state sizes, and add up the amount. You can send us Money Order, your check or a draft. If you send currency or cash, wrap it in paper and register your letter.

After your order is made out, be sure and write carefully your full name and complete address. If you live in the city, give your street and house number or your postoffice box number. If you live in the country, give your rural route and box number.

If you order both seeds and nursery stock, the seeds are shipped to you at once. If it is time to plant, then the nursery stock is also shipped but in a separate package.

WE PAY POSTAGE

Please note that almost everything you order from this catalog is **DELIVERED TO YOU, POSTPAID**. This is a big saving to you as many firms charge extra for postage and the postage on the average \$5.00 order is 65c. In some cases we send by prepaid express instead of parcel post.

Some Fruit and Shade Trees are too large to go by parcel post. Therefore they are shipped by express (you pay the express charges). Nursery stock takes

second class express rates which in most cases are as cheap or cheaper than freight.

In some orders, there are large trees which must go by express and also some stock which would be post-paid by us. In order to avoid making two separate shipments, we send the entire order by express. For this privilege, we always include some extra stock which has a much greater value than what the additional express charges amount to.

AMERICAN SHAMROCK

(Oxalis)

This lovely flower is pictured in natural color on the front cover. The bright pink flowers are produced from early summer until frost, on stems 8 to 10 inches long. The Shamrock foliage is itself very attractive, rich green shaded maroon in the center of each leaf. No matter where you plant them in the garden, they are beautiful. A solid bed is a lovely sight all season. For borders, they are unsurpassed. Growing only 8 to 10 inches tall, you have a border that blooms continuously. Many like to plant them in window boxes and hanging baskets.

These bulbs are not large, the size of marbles, but it is absolutely astonishing the tremendous number of blooms each one will produce through the season. You plant them in the spring when the ground warms up and dig them in the fall after frosts have killed the tops and keep them like Glad bulbs. Give them a few weeks' rest and you can easily make them bloom indoors through the winter. Just plant them 2 inches deep, in a flower pot and in a few weeks they commence blooming and continue for a long time.

We know of no bulb or plant that is easier to grow. All you have to do is put them in the ground. Grow in any kind of soil, anywhere. Of course in extreme dry weather, you have to water them. Plant the bulbs, outdoors, 3 to 4 inches deep and they like a sunny location. For a single row border, plant 5 to 6 inches apart. If you want an especially effective border, plant a double row, 6 inches apart each way. You will have a solid border, one foot wide, 8 to 10 inches tall, with beautiful foliage and an abundance of flowers until frost.

DELICIOUS TENDER ASPARAGUS

FRESH FROM YOUR OWN GARDEN

NEW PARADISE ASPARAGUS

**Finest Flavor
Largest Size
Heaviest Yields**

POSTPAID PRICES
Selected Jumbo Plants
5 for 50c, 15 for \$1.00
25 for \$1.45, 50 for \$2.35

This new variety is rated the very best of all asparagus. A tremendous grower, yielding 2 to 3 times as much as other kinds. Exceptionally large, of finest flavor and rust-proof. Produces those great big, tender, delicious tips for many weeks. Healthful, wholesome. If you have limited space, plant Paradise because it yields so heavily.

GENUINE GIANT MARY WASHINGTON

You know how good fresh, home grown asparagus tastes. It is very healthful, rich in minerals and vitamins. Every garden should have some. Takes only a little room. Set the plants 18 inches apart.

This is an improved strain of the Mary Washington. Produces very large stalks, many an inch or more through. They keep right on coming up, lots of them, for almost 3 months. They are extremely tender and do not get tough early as so many varieties do. They have the most delicious flavor. Rust-proof and will last a lifetime. Very easy to grow. Simple planting instructions sent with every order.

INTER-STATE'S NEW FAMOUS MACDONALD RED RHUBARB

MacDonald is the finest of all Rhubarb. The stalks are giant in size, twice as large as ordinary Rhubarb. Bright red color. Very tender and stays tender a long time. It has the richest flavor and also more sugar, therefore requires less sweetening when cooked. It makes the finest Rhubarb pies and sauce you ever tasted. The skin is a bright red, but the inside flesh is white, so when the sauce is cooked it

has just enough tinge of red to make it look appetizing. It is a tremendous yielder because as fast as you pull one stalk another comes up to take its place. You can use it over a much longer period of time than ordinary Rhubarb. The stalks are 18 to 24 inches long, many half as thick as your wrist. Nothing you can plant in your garden will give you more returns than MacDonald Rhubarb. We recommend it very highly, not only because it is healthful, but because it tastes so good. Lasts a lifetime. Postpaid.

Each 50c, 3 for \$1.25

BLACKBERRIES

Blackberries grow almost any place, even on a rough, steep hillside and bear abundantly.

Alfred—A new variety which is making good. The berries are very large, many 1½ inches long, of exceptionally fine flavor and are almost coreless. It is an extremely heavy bearer and very hardy, standing far below zero. Ripens a week before Eldorado.

Eldorado—Our most popular variety. The sparkling jet-black berries are large, sweet and delicious and practically coreless. The plant is very hardy, vigorous and a heavy, regular bearer.

All Postpaid

ALL INTER-STATE berry plants are strictly select No. 1 plants, the finest grown. They are all STATE INSPECTED, absolutely HEALTHY. They are far superior to smaller, less vigorous plants and will produce enough more fruit in just the first crop alone to more than pay the difference in cost. Berry plants do not take much room, are easily taken care of and last for many years. They commence bearing the second year. Plant them 3 to 4 feet apart in the row and rows 6 feet apart.

NEW PARKER YOUNGBERRY

**It's Thornless—It's Hardy
Ripens Early—Bears Heavily
and Most Delicious Flavor**

This great berry ripens two weeks before the Thornless Boysenberry. The two together make a great team. The fruit of the New Parker Youngberry is very large, twice as large as pictured, a handsome dark wine-red color, sweet and deliciously flavored and practically seedless. It is much harder than the common Youngberry and very productive. Plant 6 to 8 feet apart each way.

OF BERRIES UR OWN GARDEN

RED RASPBERRIES

Giant Latham—Most popular of all red raspberries. The fruit is large, many an inch long, firm, and delicious in flavor whether eaten fresh or as preserves, jam and sauce. A strong, vigorous grower that bears enormous crops. Postpaid Prices on Latham:

**8 for 50c; 20 for \$1.00
50 for \$2.35; 100 for \$4.25**

Sodus—This new variety is the heaviest bearing raspberry that we have ever seen. Tests at Ames, Iowa and other places have shown that it is unquestionably the best raspberry for the middle west. The fruit is firm and large, many nearly an inch in diameter, a rich maroon color, with an exceptionally fine, sweet flavor. The plants are very vigorous growers, perfectly hardy, and extremely healthy. All in all, this wonderful raspberry is just what we have been looking for, for years. Fine to eat fresh and makes the best preserves and sauce you ever tasted. Postpaid Prices on Sodus:

8 for 50c; 20 for \$1.00 50 for \$2.35; 100 for \$4.25

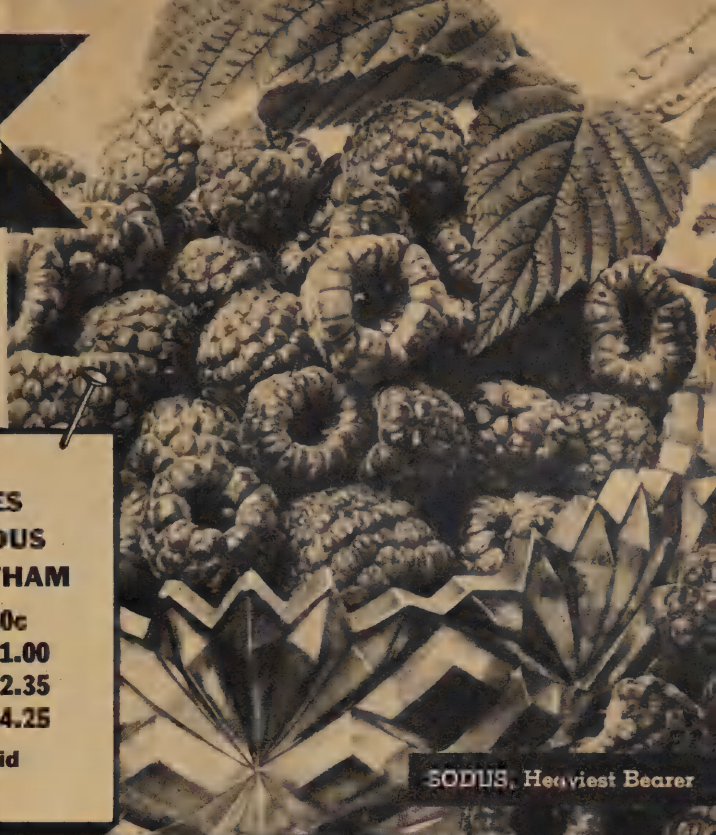

Indian Summer—A marvelous new red raspberry that fruits in early summer on the old canes and again in the fall on the new canes. The berries are very large and of fine quality. The plants are hardy, and extremely productive. Far better than St. Regis. Postpaid Prices on Indian Summer:

BLACK RASPBERRIES

Cumberland—For many years, this has deservedly been the most popular black raspberry. A hardy, vigorous grower. It produces enormous crops of large, firm, juicy berries with almost no seeds, and a flavor that can't be beat. Our plants are carefully selected from heavy-bearing, healthy, fruiting plants.

Naples—A new variety that ripens just after Cumberland. The glossy-black berries are firm, large and excellent quality. Plants are vigorous, productive, hardy and healthy. Plant a few to prolong the fresh berry season.

New Logan—This fine new variety ripens a week before Cumberland. It bears very heavily, the fruit is large and high quality. Hardy, drought-resistant and healthy.

ABSOLUTELY THORNLESS

Thornless Boysenberry is the new Berry Sensation. You have read and heard about the marvelous Boysenberry. This is exactly the same fine berry BUT IT HAS NO THORNS. As soon as the plants become available, we believe this will outsell all other berries.

BEARS HEAVILY

It is a tremendous, vigorous grower and every cane is simply loaded with fruit. Its natural tendency is to trail on the ground but if trained on a fence or wires, the fruit is easier to pick. If you have only a small place in your garden, plant THORNLESS BOYSENBERRY. You will be astonished at the amount of fruit you will get from only a few plants. The fruit ripens over a period of almost two months. You eat them fresh for weeks and can the rest. You never put in jars any fruit that tasted better. The fruit is so large and handsome, it sells on sight at good prices.

BEARS YOUNG

Set the plants 6 to 8 feet apart each way. Plant early this spring and you will get a few sample berries this summer. But your big crop will come the second year and continue for years. It has stood 20 below zero but in cold sections we suggest you mulch the plants over winter with straw, hay or dirt.

NECTAR BERRY SPECIAL

This is the latest berry introduction. Very similar to the Boysenberry but those who have tested it, claim it outyields the Boysenberry and is even better. You who delight in having the very latest, will want to try a few. It has created a sensation among those who grow berries commercially.

NECTAR BERRY PRICES POSTPAID

FINEST FLAVOR

The berries are immense size and when you taste them, you will agree they are the finest berries you ever ate. It is impossible to describe their sweet, delicious flavor. We can simply tell you that whether eaten fresh or with cream or canned for sauce, jelly, jam, preserves or in pies, tarts, short-cakes, they are superior to any other berry grown. Almost seedless. When ripe, a rich, deep maroon color.

We send you select, hardy, No. 1 Plants. Remember this is the GENUINE THORNLESS BOYSENBERRY, AMERICA'S FINEST BERRY.

BOYSENBERRY SPECIAL

REGULAR BOYSENBERRY

This is the berry which has created such a sensation all over America. A tremendous bearer of immense berries, often 1½ to 2 inches long, of the highest quality. No matter whether used fresh or canned or in pies or jelly, it stands supreme. No other berry has ever been received so enthusiastically or planted so widely. The canes have thorns. It is hardy but in cold sections we advise a winter mulch of straw, hay or dirt.

GRAPES

BEAR EVERY YEAR
LAST A LIFE-TIME
GROW EVERYWHERE
ARE GOOD FOR YOU

Grapes can be used in so many ways—eat them fresh, for jelly, jam, sauce, grape juice. Wholesome, healthful and appetizing. Easy to grow, do not take much room, you can even plant them along the fence line, and they bear young, commencing generally next year after planting. A dollar's worth of grape vines will produce MANY DOLLARS' WORTH OF FRUIT, EVERY YEAR, FOR A LIFE-TIME.

THE OLD FAVORITES

Agawam—A large dark red grape, with rich aromatic spicy flavor.

Isa (Wine Grape)—Hardest of all grapes and a very strong grower. Medium size black fruit with a tang like the wild grape. Bears young and heavily. Fine for arbors.

Delaware—Red. Fruit not large but highest quality.

Moore's Early—Black. Ripens 2 weeks before Concord.

Niagara—Most popular white grape. The large fruit has a delightful flavor. Heavy bearer.

NEW EXTRA CHOICE GRAPES

Caco—Great big grapes, rich and sugary with a luscious flavor. Hardy, vigorous grower, bears young and heavily every year. Our best red grape.

Fredonia—This new variety RIPENS 3 WEEKS BEFORE CONCORD. The bunch and berries are large, blue-black, very high quality. A vigorous grower, hardy, and very productive.

Portland—The first grape to ripen—a few days ahead of Fredonia. Fruit is large, amber-white, with a delicious, rich, spicy flavor. Vigorous, hardy, productive.

Sheridan—A new blue-black grape that ripens a week after Concord and has an even sweeter and richer flavor. Also it is probably the heaviest bearer of all grapes. Fruit is large and highest quality.

YOU CAN HAVE PLENTY OF STRAWBERRIES

Fresh From Your Garden

INTER-STATE'S EVERBEARING MASTODON

This popular everbearing strawberry is planted successfully all over America. For many years it has proven its worth. It will start bearing 90 days after planting and provide fresh strawberries all summer and fall, **THIS YEAR**. Just think, you plant this spring and pick great big luscious berries this summer and fall. Next year there will be berries spring, summer and fall. Our strain produces very large berries of good flavor and bright red color. The plants are large and strong, so it will outgrow and outbear other plants less vigorous. It is perfect flowering so can be planted alone.

PRICES ON MASTODON

100 for \$1.65; 200 for \$2.75

All above prices are postpaid
1000 for \$9.50, Not postpaid

ALL INTER-STATE STRAWBERRIES ARE PERFECT FLOWERING. That means every variety will bear even if planted by itself. Our plants are grown on new fertile fields each year. THAT MEANS STRONGER, HEALTHIER, MORE PRODUCTIVE PLANTS. That is why we sell millions each spring.

EVERY HOME should have a STRAWBERRY BED. Grow plenty for yourself and you can sell any surplus at a good price. A good strawberry bed will mean more spending money for all those little extras you want. Let the children have a bed of their own and earn some money for themselves.

PLANT STRAWBERRIES EARLY, just as soon as the ground is ready. For home use set the plants 20 to 24 inches apart each way. For large plantings, set the plants 18 inches apart in the row and the rows $3\frac{1}{2}$ feet apart.

CATSKILL

A new late variety which ripens after Dunlap. The berries are very large, firm, rich red color and exceptionally fine flavor. **POSTPAID.**

25 for 40c; 50 for 60c; 100 for \$1.00; 200 for \$1.75

WE CAN ALSO FURNISH FAIRFAX, DORSETT and BELLMAR at same prices as Catskill.

EXTRA EARLY PREMIER

This is the most reliable extra early variety—a sure bearer—it has not missed a crop in over 20 years. Many planters consider it the perfect strawberry. The berries are very large, firm and fine quality. A very heavy bearer. By all means plant some Premier.

ANOKA
Bears
Second Year

SUMMER APPLES

Anoka—This apple commences bearing NEXT YEAR AFTER PLANTING. Fruit is large, good flavor, ripens in August but can be used a month earlier for pies and cooking. Extremely hardy, grows everywhere. Be sure and plant at least one tree.

Beacon—A new red summer apple originated in Minnesota. All reports are highly favorable. Very hardy.

Duchess—The great mid-summer apple.

Duchess Red—An improved Duchess with solid red, large apples. Bears heavily, bears young, bears regularly. Very hardy. The best apple for midsummer and early fall.

Early Harvest—Medium size, yellow, ripens in July.

Early Red Bird—The best real early red apple. It ripens a week before Yellow Transparent. Fruit is large, bright red, good quality for both eating and cooking. Perfectly hardy, grows everywhere, heavy bearer.

Lodi—Like Yellow Transparent but larger.

Red June—The old-fashioned early red apple everybody likes.

Yellow Transparent—The favorite early yellow apple. Ripens in July. Bears young, heavily, and every year. Fruit is medium to large, tender, juicy fine flavor—good for eating and cooking. Very hardy.

DO YOUR CHILDREN EAT AN APPLE A DAY?

PLANT SUMMER, FALL AND WINTER APPLES. YOU CAN HAVE FRESH APPLES ALL YEAR

FALL APPLES

Fameuse (Snow)—A red striped apple with snow white flesh of highest quality.

Maiden Blush—An old favorite. Yellow with blush, mild flavor, large size. Ripens just before Wealthy.

Wealthy—The great fall apple. Ripens in September but can be used weeks earlier. Fruit is large, red striped, with tender juicy flesh of fine quality. Bears young and heavily and grows everywhere.

WINTER APPLES

Ben Davis—It fills the barrels and keeps all winter.

Black Ben—An improved Ben Davis, solid red color.

Cortland—This apple is replacing the famous McIntosh Red in many sections. Fruit is large, very handsome red, flesh is snow white and exceptionally fine quality. A heavy bearer.

Grimes Golden—A favorite for many years because it produces so abundantly its large, high quality yellow apples.

Haralson—A new winter apple for northern Iowa, Minnesota, Dakotas, and even severe sections of Nebraska. Fruit is red, large and keeps all winter, even through spring.

Our low prices are possible only because we grow apple trees by the hundreds of thousands. These are exceptionally fine trees, well-rooted, nicely branched, hardy, young-bearing, grown by the latest improved methods.

Select the size you prefer. They are all good. The SUPER-SIZE are the finest and largest apple trees we grow, each one a selected specimen. Not many firms handle trees of this quality and they generally sell for \$1.00 or more each.

**ALL THESE TREES GUARANTEED
TO BE SATISFACTORY**

Jonathan—For many years this has been our most popular apple. Everybody knows and likes this fine bright red apple. Highest quality, crisp, tender and full of snap. It leads the parade.

Jonathan, Dark Red—A new strain of Jonathan which colors earlier than the regular strain and is a very rich, dark crimson.

Prairie Spy—A new apple from Minnesota. Heavy, regular bearer, very hardy. Fruit is large, red, exceptionally fine quality.

**SOLID
RED
DELICIOUS**
America's Favorite

Red Delicious—The original Delicious, originated in Iowa, planted from coast to coast for its superb quality and mild juicy flavor.

Red Rome Beauty—An improved Rome Beauty with large, solid, red apples.

JONATHAN
The Midwest's
Great Apple

Apples . . . for a few cents a bushel . . . when you grow them yourself. Why buy them every year when you can have all you want from your own trees, for so little?

Rome Beauty—A well-known apple. Large, attractive, good bearer.

Stayman—Very large greenish red apple, fine for both eating and cooking. Especially good in January-February.

YELLOW DELICIOUS
A Golden Treat

Solid Red Delicious—Considered by many to be the finest red apple. It bears younger, keeps longer and the fruit colors up several weeks earlier than the common Red Delicious. The fruit is large, solid red and has a delicious flavor unequalled by any other apple. Sold at the same low price as the other varieties.

Turley—This fine apple belongs in every orchard. Fruit is very large, red, high quality. Regular, heavy bearer, good keeper.

Winesap—An old favorite that belongs in every orchard, because it bears so well and the apples will keep right through winter and spring, that is, if you have enough so that you do not use them all up. Fruit is medium size, dark red, juicy, fine flavor.

Yellow Delicious—Many say this is the finest yellow apple. It bears young and heavily. The fruit is large, juicy and exceptionally fine quality.

York Imperial—Large red apple, somewhat lopsided. Keeps until June. Good bearer, good quality.

CRAB APPLES

Dolgo—Best of all crabs. Bears young and heavily. Fruit is bright red, comes in clusters and makes the finest and prettiest jelly you ever tasted. The tree itself is ornamental enough to plant right in your front yard.

Whitney—Listed among the crabs but really you can eat it fresh just like an apple. Fruit is medium size, red striped, fine quality. Makes wonderful apple butter. Bears young and heavily. Belongs in every family orchard.

Polly

**MOST DELICIOUS OF ALL
PEACHES — FREE-STONE
LARGE—HEAVY BEARER**

POLLY
Actual Size

INTRODUCED BY INTER-STATE

Be Sure And Get Our Original Strain

Polly was introduced by us in the Spring of 1934. It was originated by the Iowa Experiment Station. For twenty years it has been thoroughly tested. Every winter it has withstood below zero weather, sometimes 25 below zero. We could print many pages of testimonials voluntarily written us highly praising Polly, for its superb quality, its heavy bearing and hardiness.

PLANT PEACHES FOR PROFIT

Plant an orchard of Polly, Sungold. Because of their hardiness (bearing when others fail), because of their size, beauty, high quality, they sell at higher prices. They start bearing second year after planting.

Super Size . . .	75c	1.95	3.15	5.75	12.25

POLLY IS HARDY—FINE FLAVORED LARGE—FREE-STONE—HEAVY BEARER

The fruit is large, beautifully blushed, a perfect free-stone ripening a few days before Elberta. The flesh is white, juicy but firm, the richest, most delicious flavor. All who have tasted it agree that POLLY IS THE FINEST FLAVORED PEACH THEY EVER ATE. When canned it stays firm and makes the most luscious peach sauce and preserves you ever tasted. Polly is best for home use and local markets. The tree is a very healthy, vigorous grower of semi-spreading upright form with strong branches. It bears young and is a heavy, regular bearer.

PLANT POLLY—North, South, East, West

You folks living in the north even where it gets as cold as 15 below zero, even colder occasionally, can now have peaches as Polly is so much hardier. But we want to emphasize this fact—POLLY IS NOT A PEACH JUST FOR THE NORTH. IT IS A PEACH FOR THE SOUTH, EAST AND WEST, AS WELL. The fruit has such a wonderful flavor and is produced so abundantly that it is an outstanding peach even where other varieties can be grown.

INTERSTATE PEACHES BEAR

S THE NEW SUPERIOR HARDY YELLOW PEACH Sungold

TRADEMARK

SUNGOLD ORIGINATED AT DES MOINES, IOWA WENT THROUGH BELOW ZERO EVERY WINTER AND BORE FULL CROPS FOLLOWING SUMMERS

Several years ago one of the fruit judges at the Iowa State Fair noticed that each year, year after year, there were exhibited some large extra fine peaches. Central Iowa is considered too far north to grow peaches so he investigated these peaches. He found they came from a chance seedling at the home of Mr. W. H. Kirstein, Des Moines. Every winter this tree went through below zero weather, as cold as 22 below, and bore full crops the following summers.

FRUIT IS VERY LARGE, FREE-STONE, HIGH QUALITY, HEAVY BEARER

The fruit of Sungold is very large, yellow skin beautifully blushed. The flesh is firm, golden yellow, full of juice, and the richest, sweetest flavor—exceptionally fine quality. It will be a great commercial peach because it will stand shipping and colors early. It ripens several days before Elberta. The tree is a strong, stocky grower, well-branched, with healthy dark green foliage. It is an extremely good, regular bearer.

BETTER THAN ELBERTA AND J. H. HALE

Compared to Elberta, Sungold is much larger, better colored, very much better quality and far hardier. It lives and bears where Elberta dies. Sungold flesh is solid and firm for canning. Compared to J. H. Hale, it is larger, equal or better in quality, far hardier and is self-pollenizing so will produce far more fruit.

NOW YOU CAN HAVE DELICIOUS HOME GROWN PEACHES

We all know how delicious are home grown, tree-ripened peaches. We have always wanted them, but in the past the varieties we have had, have been too uncertain in bearing. Now this is all changed. Plant Sungold and you will have peaches. If you have only a little room, plant a few trees. If you have more room, plant more trees and sell the fruit at good prices. **SUNGOLD BECAUSE OF ITS LARGE SIZE, BEAUTY AND FINE FLAVOR BRINGS TOP PRICES.** Sungold will make peach-growing PROFITABLE.

SUNGOLD

Actual Size

Sold only by
Inter-State Nurs-
eries, Hamburg, Iowa.

A GREAT PEACH FOR ALL AMERICA

We believe that Sungold will thrive in all states except those where the temperature falls to 20 or more below zero for long periods. We recommend it to those in the cold sections who have been unable to grow peaches regularly and profitably because they got a crop only now and then. **SUNGOLD IS VERY DEFINITELY A HARDIER PEACH.** We also recommend it to those farther south who can grow other varieties. They will find Sungold a very superior peach because of its **GREAT SIZE, BEAUTIFUL COLOR, HIGH QUALITY, and HIGH PRODUCTION.**

MRS. H. L. LANTZ, FRUIT EXPERT, WRITES:

"Sungold Looks Like A Winner"

"The quality is superb. We have seen specimens from the original tree as large as 11 to 12 inches in circumference. Sungold looks like a winner."

ALL SEASON PEACH COLLECTION

8 FINE 3 TO 4 FOOT TREES FOR... **\$2.25** POST PAID
(Worth \$3.26)

1 Rochester	1 Sungold
1 Golden Jubilee	1 Polly
1 Champion	1 J. H. Hale
1 Hale Haven	1 Elberta

Our most popular varieties, giving you fresh peaches for many weeks—and plenty to can—for little more than the cost of a bushel of fresh peaches.

We can also supply the same collection in Bearing Size trees for only \$3.25 not postpaid (worth \$4.48).

INTER-STATE PEACHES

**Bear Young—Produce Heavily—At their best
when picked fresh from your own trees**

Listed in order of ripening. Mayflower ripens here early July; Elberta, last of August.

Mayflower—First to ripen yet almost frost-proof as it blooms so late. Red all over, good quality, good size. Semi-cling.

Rochester—Free-stone. Fruit is large, yellow blushed red. Firm yellow flesh, fine flavor. A very hardy, extra good peach.

Golden Jubilee—Free-stone. Very fine hardy early yellow peach, high quality. Beautifully colored red and yellow.

Champion—Free-stone. Large, creamy-white with red cheek. Flesh is white, juicy, sweet, highest quality. A heavy bearer and very hardy.

South Haven—Free-stone. Large, yellow blushed red. Yellow flesh. Fine quality. Hardy.

Hale Haven—Free-stone. A wonderful new peach. Hardy, produces heavily large yellow peaches of very high quality.

Early Elberta—Free-stone. Large size. Yellow flesh, firm, juicy, luscious flavor.

J. H. Hale—Free-stone. Very large, golden yellow blushed red with fuzzless skin. Flesh is yellow, solid, tender, high quality, delicious flavor.

Elberta—Free-stone. This grand peach fills millions of fruit jars every year.

Crawford Late—Free-stone. Firm, juicy, yellow flesh, high quality. Hardy.

Mammoth Heath Cling—Best, most popular white cling.

HALE HAVEN

ELBERTA

Plant plenty of peaches for yourself and have some to sell to your neighbors. They bear young and always sell at good prices. Growing peaches is profitable.

You will never know how good peaches can taste until you pick them fully ripened from your own trees. They need but little room, are easy to grow. Our Iowa-grown budded peach trees are hardy and bear young.

APRICOTS

**Home-Grown, Tree-ripened
A Most Delicious Fruit**

Who does not like apricot sauce and preserves? They ripen right after cherries and before the early peaches. Easy to grow, pretty as a shade tree.

Superb—This variety originated in Kansas and is considered the best variety for the middle west. It is hardy, productive, and bears when the others fail. The fruit is medium size, of high quality.

SUPER-SIZE, Not Postpaid...	80c	2.25	3.65	6.95

The SUPER-SIZE are our largest, selected trees and generally start bearing next year after planting. Such trees generally sell for \$1.00 or more each.

EARLY RICHMOND
For the first fresh cherry pie

Every home, in city or country, should have some cherry trees. They bear young, and bear every year. Attractive enough to plant in your front yard, giving you shade, flowers and fruit. They are self-pollenizing so can be planted alone. Cherries are the "Sure-Crop."

Black Tartarian—Large, purplish-black sweet cherries of finest flavor. Popular in the east but does not thrive in central states.

Early Richmond—The favorite early cherry, first to get ripe. Tastes so good and sweet, and can't be beat for fresh cherry pie. At the end of school, this is the tree full of youngsters (and often oldsters, too). Large bright red fruit is juicy and delicious. Tree is strong grower, bears heavily every year and starts bearing young.

English Morello—Bears younger and heavier than any other cherry. Fruit is good size, almost black and sprightly acid. Fine for pickling whole, preserves and canning. Ripens in July after the others are gone.

Large Montmorency—The most widely planted cherry. A sure bearer of large crops, ripening about 10 days after Early Richmond. Fruit is large, firm and fine flavor. Best of all for canning. Every home should have at least one tree.

Yellow Glass—A hardy, real sweet cherry which has borne regularly here for over 20 years. The fruit is large, golden yellow, most delicious flavor. Generally sold at higher prices but our price is just the same as other cherries. It will not bear as heavily as the red cherries but 1 or 2 for home use is very fine. It also makes a quite large, very ornamental tree, pretty enough to plant in your front yard.

LARGE MONTMORENCY
The great canning cherry

A BIG BEARING SIZE
CHERRY TREE
FOR THE PRICE OF JUST
2 CHERRY PIES!

YELLOW GLASS
The best hardy sweet cherry

PEARS

The price of just 1 bushel of pears will buy enough pear trees to bear many bushels for a life-time. No fruit is easier to grow. No fruit is more delicious.

Cope's New Seedless Pear—The new fruit sensation. A pear that has NO SEEDS and NO CORE! This beautiful fruit is golden yellow with red cheek and ripens 10 days after Bartlett. Delicious in flavor, it is ideal for both eating fresh and canning, and as it is seedless and coreless, it may

be canned whole. The tree bears young, producing as much as 3 bushels the 5th year. It is a hardy, thrifty grower and has not been known to blight. Plant patent applied for.

PATTEN
Actual Size

Bartlett—The leading summer pear. Large, yellow with blush. Juicy, sweet high quality.

Douglas—This remarkable fall pear starts bearing NEXT YEAR after planting. Large fruit, yellow blushed. Blight-proof.

Duchess—Fall pear with fine large, greenish-yellow russet fruit.

Gorham—Ripens two weeks after Bartlett and keeps longer.

Kieffer—Most popular winter pear. Bears young and heavily.

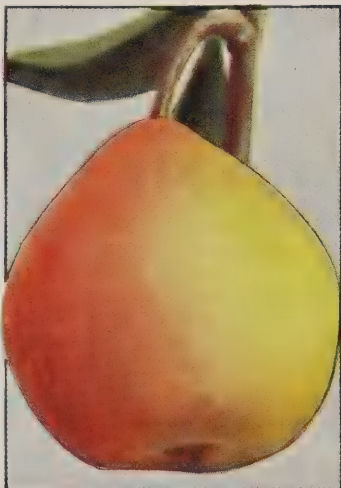

Lincoln—Large, yellow, late summer pear.

Patten—Our most popular summer pear. Fruit is large, yellow with blush, juicy, fine flavor. Bears young. Hardy and blight resistant.

Seckel—Called the Sugar Pear because of its sweet flavor. Fruit is not large, but highest quality. Bears young and heavily. Ripens in late summer. A splendid pear.

SOIL SOAKER

**A NEW METHOD OF WATERING—APPROVED
BY AGRICULTURAL COLLEGES**

SOIL SOAKER is made of porous canvas. It comes equipped with a regular hose connection which you attach to your water hose or pipe, instead of an ordinary sprinkler or nozzle. When the water is turned on, Soil Soaker fills with water and normal pressure forces the water through the porous canvas its entire length, uniformly, without spray.

LIKE ALL-NIGHT RAIN It Really Soaks the Soil

The water comes out gently, just like an all-night rain and the ground can be soaked deeply because even on the lightest soil there is no washing. It is far more beneficial than light surface sprinkling because the moisture goes down into the soil.

AVOIDS WATER WASTE

Soil Soaker is flexible, so can be bent almost any shape. This enables you to put the water exactly where you want it—none sprayed on walks, driveways, or other places you do not want to reach. It is ideal for narrow parkings, narrow flower beds, and terraces. Even in the strongest wind Soil Soaker puts the water exactly where you want it.

APPROXIMATELY 25% MORE EFFICIENT

Careful tests have shown that it actually puts out 22% more water than the ordinary sprinkler and because you put the water exactly where you want it, avoids waste, thus water bills are reduced.

THOROUGHLY TESTED

We have tried many sprinklers and we unhesitatingly recommend the Soil Soaker as being the best method of watering we have seen. It is especially fine for watering roses and other plants which should not have their tops wet. Soil Soaker, lying right on the ground, puts the water right where it is needed and not up on the tops. Many plants are harmed when the tops are watered, as it causes them to mildew. Soil Soaker helps you grow luxuriant lawns, vigorous shrubs, roses, trees, and gardens.

BUG DUST

POSTPAID PRICES

1 Pound \$.40 5 Pounds \$1.65
3 Pounds 1.00 10 Pounds 3.00

SPECIAL OFFER

**2 Pounds Bug Dust and 1 Dust Gun
for \$1.00, Postpaid.**

THIS BUG DUST is made according to the newest formula and we believe it is the best all-purpose material on the market today. Use it on flowers and vegetables. It contains Rotenone as well as other materials. It is deadly to insects but harmless to humans and domestic animals when used according to directions. It contains no arsenic, lead, Paris green. It positively will not harm even the most tender plant. We guarantee it to satisfy you or your money will be refunded.

It not only kills bugs and insects, but also is a fungicide which helps keep the foliage healthy. It is the best all-purpose dust for general garden pests that we have ever used. If you prefer spraying to dusting, Bug Dust is soluble in water and is just as effective.

ROSE DUST

This is especially for dusting roses to control Mildew, Leaf-Spot and Chewing insects. It contains nine parts dusting sulphur and one part arsenate of lead. It is poisonous to humans and all animals. If you cannot get it from your local druggist, we will send it to you. **3 Pounds for \$1.00, Prepaid.**

DOGZOFF

Only 69c Postpaid

DOGZOFF keeps dogs and other animals away from places they are not wanted. It is effective, easy to use and inexpensive as one can usually lasts a season. It is harmless to humans, non-poisonous, non-inflammable and **GUARANTEED SATISFACTORY** or money refunded. Simple instructions on the can.

INTER-STATE PLUMS

Often Bear Next Year After Planting

More plums are being planted each year because people are finding out that these new plums are as good or better than the shipped-in plums. Easy to grow, require almost no care. To get big crops, plant several varieties so they can cross-pollinize. Compass, Toka and Superior are good pollenizers.

Blue Damson—The old favorite blue plum. Free-stone.

Compass—Bears young, heavily and every year. Juicy red fruit makes fine sauce. Free-stone.

German Prune—Our best prune-plum.

Green Gage—Sweetest eating and canning plum. Large greenish-yellow fruit produced freely. Free-stone.

Kahinta—A great plum. Fruit is very large, dark red, good flavor, free-stone. Grows everywhere, bears young, regularly and heavily.

Sapa—Fruit is medium size, purple skin and purple flesh, just full of the richest juice, fine flavor. Especially good for canning. A tremendous bearer that does well everywhere. Free-stone.

Superior—By all means, plant this plum, it is one of the very best. A tremendous bearer of immense, red plums, rich sweet flavor.

Toka—The most richly flavored of all plums. Fruit is large, orange-red, firm, free-stone. You seldom can any because they are so good you eat them fresh. Grows everywhere.

**INTER-STATE

INTER-STATE HARDY HEDGES

PROTECTION - PRIVACY - BEAUTY

SPIREA VAN HOUTTE—100 for \$5.50

Spirea Van Houte (Bridal Wreath)—You can see above what a magnificent flowering hedge, 5 to 6 feet tall, this makes when untrimmed—a solid bank of purest snow white. Also it can be trimmed to any desired height, making a very dense, bushy hedge that hugs the ground closely. It is absolutely hardy, easy to grow and does well everywhere, in sun or partial shade. Our most popular hedge. For a trimmed hedge set 1 ft. apart and for an untrimmed natural hedge, 2 to 3 feet apart. Postpaid.

	Per 12	Per 25	Per 50	Per 100
12 to 18 inches, Branched.....	\$0.90	\$1.65	\$2.95	\$5.50
18 to 24 inches, Well Branched...	1.75	3.00	5.50	9.95

Honeysuckle, Tartarian—This makes an exceptionally fine tall hedge or screen as it grows 8 to 10 feet high. In May there is an abundance of pink flowers which are followed by many clusters of orange and red berries. Grows in sun or partial shade and is hardy everywhere. It can also be trimmed, making a good medium high hedge. We suggest that it be trimmed not lower than 3 to 4 feet. When using as a tall hedge or screen, we suggest planting 3 feet apart. If trimmed, set 18 inches apart. Postpaid.

	Per 12	Per 25	Per 50	Per 100

A friendly, living hedge adds dignity and privacy to your home. Beautiful along walks, driveways and lot lines. Each passing year adds to its beauty. Our plants, grown especially for hedging, are hardy, stocky, well-branched and nicely rooted. If you compared them with lighter plants, you would select ours without question. If you want a good tight hedge, plant 1 foot apart. With each order we send simple planting instructions showing exactly how to make the best hedge.

Mulberry, Russian—This makes a quick-growing, economical hedge. Postpaid.

Barberry, Japanese (Thunberg's)—A very popular, low growing hedge. Untrimmed, it makes a dense, rounded hedge 2 to 3 feet tall and almost as wide, but it can be trimmed to any desired height and width. The foliage is bright green, turning a beautiful orange-scarlet in the fall, and the bright red berries gleam along the branches all winter. Grows in sun or partial shade. We have only the rust-free variety that can be planted anywhere. See page 27. Postpaid.

← HARDY RUSSIAN PRIVET

Privet, Hardy Russian (Amoor River North)—This is the most widely planted hardy trimmed hedge in all America. It is very similar to the California Privet, but is far superior because it is perfectly hardy. It can be trimmed to any desired height and always makes an attractive, bushy hedge. The leaves are large, lustrous green and hang on until severe winter weather. Succeeding everywhere, it is America's great hedge. Our plants are heavier than ordinarily used. For example, the regular 12 to 18-inch size plants have only two canes, but our plants have three or more canes. This means that our plants will give you a better hedge quicker. Postpaid.

INTER-STATE TRUEHEDGE

Columnberry

Plant Patent No. 110

You get immediate hedge effect, right from the day planted. Narrow, upright, requires almost no trimming.

Truehedge Columnberry is a sensational new plant. One of the greatest introductions of the past decade. As a hedging it is unique in that it grows upright, therefore will make a hedge almost without any trimming. It is especially valuable in places where a narrow hedge is wanted. It grows very dense, bushy, upright and even the size as small as 9 to 12 inches cannot be seen through. The leaves are a deep glossy green and cover the plant completely right down to the ground. In the fall it colors a rich orange-red and the red berries hang on all winter. The plant is perfectly hardy, easy to grow, and succeeds everywhere. It is rustproof. Almost right from the day you plant it, you get immediate hedge effect. It can be trimmed and clipped to any desired shape or form. This is especially valuable in formal gardens. In the North it is especially valuable in that it can be used

like Boxwood, so you can get an English and Colonial effect. Allowed to grow naturally it makes an unsurpassed semi-formal hedge. If you set the plants 6 to 9 inches apart, depending upon their size, you get an immediate hedge.

CHINESE ELM—*The Fastest-Growing Hedge in the World*

**Economical—Grows Everywhere
Good-looking**

We know of no other plant that will produce a PERMANENT HEDGE as quickly as CHINESE ELM. Grows so rapidly that it will make a hedge in just a few months. Perfectly hardy, planted in every state. It stands cold, heat and drouth. It can be trimmed to make a medium height hedge, 3 to 4 feet tall. The more you trim it, the more dense and compact it becomes. Or

you can let it grow taller, making a perfect screen 6 or 8 or 10 or 12 feet tall, trimming it at whatever height you want. It will screen unsightly places in a few months. As it becomes better known for hedging, it will be planted by the millions. The plants we offer are well-branched, especially selected for hedge planting.

TREES

For Comfort

Chinese Elm Trees

Because of its beauty and extremely rapid growth, the Chinese Elm has become the most popular shade tree. It is planted in every state, standing intense cold and extreme heat equally well. Under ordinary conditions it makes excellent shade in 5 years. The tree pictured was planted just 7 years ago. Our trees were grown in wide rows. They are nicely branched, extra heavily rooted, the finest Chinese Elm we ever grew. They will please you and, what is more important, will make you fine shade in such a short time. There are hundreds of thousands of homes which would be so much more attractive and so much more comfortable if some of Inter-State's fine, fast-growing Chinese Elm trees were planted in the yard.

A windbreak makes farming more pleasant and profitable in summer and winter. Your cows will give more milk, your steers make more gains, your hens lay more eggs, and it will take less fuel to heat your home.

Here are listed younger Chinese Elm Seedling trees. Especially fine for windbreak planting. They were grown in wide nursery rows—better rooted, better branched, stockier, superior in every way to those grown thickly in beds. No tree will make a wind-

break as quickly as these young Chinese Elm. In less than 5 years, you will write us that you wouldn't take hundreds of dollars for your windbreak. They leaf out very early in the spring, and the leaves hang on very late in the fall. They have such a dense mass of twigs, branches and limbs that even with the leaves off they are a very effective windbreak. They stand cold, they stand heat, they even stand alkali. Plant them 6 to 8 feet apart, 2, 3 or 4 rows.

ORNAMENTAL TREES

Kwanzan Flowering Cherry—You have seen pictures of the world-famous flowering cherries of Washington, D. C. In the early spring, the trees are completely covered with the exquisitely beautiful double, rose-pink flowers.

4 to 5 feet, Not Postpaid.....**Each \$1.50**

Tree of Fire (Paul's Double Scarlet Thorn)—This popular, hardy tree in May-June, is covered with double, scarlet flowers which are followed by showy red berries. The luxuriant foliage is a rich, glossy green and colors beautifully in the fall.

4 to 5 feet, Not Postpaid.....**Each \$1.50**

American Elm—This grand tree is known and loved everywhere. It grows 60 to 100 feet tall, a stately tree for street and general planting.

4 to 5 feet, Not Postpaid. **Each \$0.55, 2 for \$1.00**

5 to 6 feet, Not Postpaid. **Each .65, 2 for 1.25**

6 to 8 feet, Not Postpaid. **Each .85, 2 for 1.50**

8 to 10 feet, Not Postpaid. **Each 1.25, 2 for 2.25**

Vase Elm—This is a selected type of the American Elm. It is propagated by budding so the trees are all uniform in growth. They grow rapidly, making a large, vase-shaped tree 80 feet tall. When planted along a street, the tops will meet far above. A Cathedral of living trees.

6 to 8 feet, Not Postpaid. **Each \$1.25, 2 for \$2.25**

8 to 10 feet, Not Postpaid. **Each 1.75, 2 for 3.25**

Pussy Willow—Plant 1 or 2 of these low-growing trees so you can have your own "Pussy Willows" in early spring.

2 to 3 feet, Postpaid.....**Each \$0.60**

3 to 4 feet, Postpaid.....**Each .75**

4 to 5 feet, Not Postpaid.....**Each 1.00**

Niobe Weeping Willow—This weeping willow is becoming very popular because its golden yellow bark is so attractive through the winter months.

Wisconsin Weeping Willow—This is the popular green-barked weeping willow. With its graceful, drooping branches, it gives an effect no other tree can give. Grows rapidly and succeeds everywhere.

PRICES ON ABOVE WEEPING WILLOWS

4 to 5 feet, Not Postpaid. **Each \$0.75, 2 for \$1.35**

5 to 6 feet, Not Postpaid. **Each 1.00, 2 for 1.75**

6 to 8 feet, Not Postpaid. **Each 1.50, 2 for 2.50**

DOLGO CRAB TREE

Dolgo Crab Tree—Not only beautiful but also useful because its fruit makes the finest jelly you ever tasted. The tree itself is perfect in shape, grows 15 to 20 feet tall, hardy, healthy, succeeds everywhere that trees can grow. In spring, it is hidden by its masses of beautiful blush flowers. In summer, the tree is just full of brilliant bright red fruits, which hang on for many weeks if you do not pick them.

4 to 6 feet, Not Postpaid.....**Each 50c, 2 for \$0.90**

5 to 7 feet, Not Postpaid.....**Each 60c, 2 for 1.10**

6 to 8 feet, Not Postpaid.....**Each 70c, 2 for 1.30**

Magnolia, Soulangeana—The hardest magnolia. The delightfully fragrant, large flowers, which appear before the leaves, are pink in bud and white when fully open. A full-grown tree covered with thousands of blooms is a most gorgeous sight. They only grow 8 to 10 feet tall and start blooming before they are 3 feet tall.

18 to 24 inches, Postpaid.....**Each \$2.50**

Mountain Ash—This tree grows about 20 feet tall and is full of clusters of orange-red berries from midsummer until Thanksgiving. Very attractive, fern-like foliage.

3 to 4 feet, Postpaid.....**Each \$1.25, 2 for \$2.25**

4 to 5 feet, Not Postpaid.....**Each 1.50, 2 for 2.75**

5 to 6 feet, Not Postpaid.....**Each 1.75, 2 for 3.25**

WISCONSIN WEEPING WILLOW

RED BUD—Spring's Bright Welcome

When you see this magnificent tree in full bloom, a solid mass of cerise-pink flowers, against the blue of a spring sky, you are seeing one of the most lovely sights in all nature. It grows only 10 to 12 feet tall. The glossy, heart-shaped leaves turn yellow in the fall.

2 to 3 feet, Postpaid, **Each 75c**; 3 to 4 feet, Postpaid, **Each, \$1.00**;

4 to 5 feet, Not Postpaid, **Each \$1.25.**

INTER-STATE Famous ROSES

*Are America's
Finest*

Inter-State Roses Make a Glorious Display All Summer

It has been our privilege to bring to countless thousands of homes throughout all America real rose satisfaction. Some sent their first order merely as a sort of routine, thinking roses were roses. Now they are enthusiastic Inter-State boosters, adding each season to their rose gardens. That is what Inter-State roses do—their superb blooms so captivate you, you want more and more.

We want to impress upon you this fact: ALL ROSES ARE NOT ALIKE. There are degrees of quality in rose plants just like there is in almost all merchandise. When you get our plants, you will see at once their extra high quality—nice green tops and a wonderful system of roots. These better quality plants will not only produce more and better blooms, but because they have so much more vigor and vitality, they will live longer.

On account of some failures, you may have concluded that your location was not suitable for roses. Perhaps the failure was due not to location, but to poor quality plants. We just wish you could read the letters we have received from those who had such experiences. Then they planted some Inter-State Roses. How pleased, how happy, they were, that now they could enjoy that finest of all flowers, the rose, so beautiful, so fragrant.

We could write several pages about how our roses are grown by the best growers in America; how they are budded on root stocks that are hardy and vigorous, yet will not sucker and go wild; how carefully they are handled. We know that we have the highest quality and **WE BACK IT UP WITH OUR STRONG GUARANTEE**, the strongest ever made by any firm. We sincerely believe that we give you a larger dollar's worth of plant quality, bloom and growing satisfaction than you can get anywhere else.

The Greatest Rose **GUARANTEE** *Ever Made*

We believe that Inter-State Roses are the finest grown. When you receive them, if you do not agree with us, if you are not entirely satisfied, write us and we will refund the entire amount you paid for them, BUT YOU KEEP THE ROSES. If our roses are not as good as we claim, we will give them to you free.

We will let some of our customers tell you how much they like our roses. We have files full of such letters, and if we could print them all, very likely you would find a letter right from your own vicinity.

WHAT OTHERS SAY ABOUT INTER-STATE ROSES

On March 16, 1940, Mr. Geo. H. Field of Rushville, Illinois, wrote us: "*I always order roses from Inter-State because out of 15 years of experience your roses have proven the most satisfactory of all.*"

On March 4, 1940, E. A. Cuer of Skaneateles, New York, wrote us: "*I have 62 very nice Roses which I purchased from you and a lot of people came over to see them last summer. I had Roses all summer.*"

On February 19, 1940, Ed Hurtt of Muncie, Indiana, wrote us: "*Thank you for the wonderful roses which I purchased from you last spring. They all lived and bloomed all summer long, and I cut close to 25 dozen from them. I have bought other roses from other firms but nothing like you sent me.*"

On March 5, 1940, Mrs. Betty Turner of Boise, Idaho, wrote us: "*Several years ago I ordered your Gold Medal Dozen Roses, and two years ago I ordered several more, including Blaze and New Dawn. They were without doubt the most gorgeous roses we have ever grown.*"

On February 1, 1940, Mrs. M. C. Northington of Clarksville, Tennessee, wrote us: "*I have over a hundred rose bushes now that I bought from you and although we had a very, very dry July, August, September and October, I cut from two to seven dozen blooms every day. They were too beautiful for words.*"

On February 2, 1940, Mrs. J. R. Felix, of Huntington, West Virginia, wrote us: "*Two years ago I purchased your Gold Medal Collection of Roses. We planted them carefully, according to directions given in your booklet, and when they bloomed, I had the thrill of my life. I had not known until then how beautiful roses could be! I am enclosing an order for your Gold Medal and Mother's Collection.*"

On March 4, 1940, Jas. Wm. Lee of Mexico, Missouri, wrote us: "*From the 35 roses we got from you last year we won 3 first prizes from them. In all we have about 100 monthly roses, most of them came from Inter-State Nurseries. They are the talk of our town.*"

On March 4, 1940, Miss Harriett Foster of Springfield, Missouri, wrote us: "*I wish to tell you of the superior quality of your Rose plants. Last year they brought me several prizes at our district fair.*"

On January 31, 1940, Virgil F. Vink of Essexville, Michigan, wrote us: "*Last April we ordered your Gold Medal dozen roses, the Mother's rose garden, and a few other roses and wish to say that they are the most beautiful roses in this section. The stock arrived in the finest condition of any nursery stock we have ever received. The R. M. S. Queen Mary was admired by every one for its delicate color and extraordinary fragrance. Though the two collections are so similar to last year's we will place an order for at least 15 of the newer and patented varieties to augment our present stock. We will have over 50 different roses this coming summer and 35 or more will be Inter-State Nurseries stock.*"

On March 11, 1940, Mrs. Leonard Peterson of Smith Center, Kansas, wrote us: "*I do not think you do justice to your Improved LaFayette Rose. I planted a hedge of them along my driveway last spring and they were simply gorgeous.*"

PLANT INTER-STATE'S ROSES

CUT-FLOWER SPECIAL

- 1 Briarcliff — pink.
- 1 K. A. Victoria — white.
- 1 Miss R. Thom — rose.
- 1 Pres. Hoover — multicolor.
- 1 Rouge Mallerin — crimson.
- 1 Sunset — yellow.

All 6 for \$2.65 Postpaid

Selected 2-Year No. 1 Plants.

All especially fine for cutting. Exquisite buds on long stems. Fragrant. Beautiful colors. Free-blooming.

All 6 in 2-Year Standard size for \$1.95 Postpaid.

Each year many thousands buy from this fascinating selection of glorious, hardy, ever-blooming roses. They will commence blooming 7 to 8 weeks after planting. With every order we send complete instructions that show you exactly how to plant and care for these roses, summer and winter.

PLANT ROSES EARLY, JUST AS SOON AS THE GROUND IS WORKABLE. The sooner you plant, the sooner they bloom.

We offer this season THREE SIZES of rose plants. All are strictly first quality, hardy, field-grown budded plants.

Our 2-Year No. 1 Selected Plants are those which have made Inter-State roses famous all over America. They are big and husky, the finest grown.

The 2-Year Standard Plants are smaller. This is the size used by most firms who merely describe their roses as being 2-Year field-grown. In fact, we believe that you will find our plants to be better. They are a great value at our lower price for they are genuine Inter-State roses and will bloom this summer. You have your choice of exactly the same varieties. Our Guarantee applies to this size also, but, of course, you must not expect the Standard Size to be as good as the 2-Year No. 1 Size.

There are some who want extra large plants. For those we offer our Super Size. These are extra large, extra heavy plants such as offered by only very few firms and then generally sold at \$1.00 or more each. They are the finest at any price. If you want these, we suggest that you order early as our supply is limited.

American Beauty—Famous for years because of the rich fragrance and beauty of its large carmine-red blooms.

Ami Quinard—Graceful, semi-double, very rich dark crimson-maroon blooms, freely produced.

Autumn—A striking rose of orange stained red and pink. Fine buds come singly on long stems, open into fully double blooms.

Betty Upchurch—The lovely flowers are salmon-pink inside and carmine-red outside. Lavishly produced all season. Very hardy, healthy, vigorous grower.

Briarcliff—Lovely pointed buds open into large, perfect, pink flowers. Fine for cutting as blooms are fragrant, freely produced, come singly on long stems, and last a long time.

Caledonia—The exquisite, long buds of ivory change to purest white as the flowers open into large, double blooms of satiny texture. A superb rose.

Condesa De Sagato—A new, marvelously colored rose with large, fragrant flowers of fiery copper-red inside and rich yellow outside. Vigorous grower. Pictured on page 37.

Dame Edith Helen—Very double, large, fragrant flowers of purest clear pink. A superb rose.

Duquesa De Penaranda—Large, double, fragrant blooms of attractive apricot. Good grower and free-bloomer. Pictured on page 37.

Edith Nellie Perkins—One of the finest of all roses. The long, pointed buds come on long stems and open into perfect flowers of orange-cerise outside and salmon, tinged gold, inside. Grows vigorously and blooms freely. Pictured on page 37.

Editor McFarland—On page 41 you can see how beautiful this is, our favorite pink rose. All through the season the lovely fragrant flowers are produced singly on fine stems for cutting. The buds are absolutely perfect.

E. G. Hill—This choice red rose produces its beautiful deep crimson flowers constantly. Very fragrant and long-lasting. Especially fine in the hot middle west. See page 37.

Etoile De Hollande—Turn to page 41 and you will see why this is considered one of the greatest of all red roses. Its fragrant, perfect flowers of velvety scarlet-crimson are freely produced on long stems.

F. J. Grootendorst—Makes a bush 5 to 6 feet tall with attractive glossy green foliage and clusters of bright red flowers all season. Perfectly hardy, really should be planted with the shrubs and it will brighten the entire planting.

F. K. Druschki—The magnificent white rose that is loved by all. Immense long pointed buds open into graceful flowers that are unsurpassed for form and the color is clearest, pure white. Perfectly hardy. Give it more room than the average rose, as it grows so vigorously.

GUARANTEED TO BLOOM

BEGINNER'S COLLECTION

Each year we receive many letters asking us for a collection of roses that are easy to grow. Here is such a collection. You who think you cannot grow roses should plant these. They will live and bloom, year after year, with but little care and attention. They are free-blooming, hardy, healthy and vigorous.

- 1 **Betty Uprichard**—salmon.
- 1 **F. K. Druschki**—white.
- 1 **Golden Dawn**—yellow.
- 1 **Gruss an Teplitz**—scarlet.
- 1 **Pink Radiance**—pink.
- 1 **Red Radiance**—red.
- 1 **Talisman**—multicolor.

All 7 for \$2⁹⁵

Selected 2-Year No. 1 Plants

All 7 for \$2.25 Postpaid
Standard 2-Year Plants

George Arends—Large flowers of most beautiful pure pink. Very fragrant. Very hardy. If you have trouble growing roses, try this one. Very hardy and easy to grow.

Golden Dawn—This lovely rose from far away Australia has taken the entire world by storm. The gorgeous buds of yellow have splashes of carmine and open into large, fragrant flowers of sunflower yellow. Hardy, vigorous, extremely healthy and free-blooming.

Gruss An Teplitz—For bedding this rose is in a class by itself. It is never without bloom all season. The flowers are fragrant and such an intense scarlet. Plant a solid bed of them. You will have hundreds of flowers all season. Extremely hardy, live for many years.

Hinrich Gaede—Its brilliant blooms of bright vermilion flushed orange and gold, are the first to catch your eye. Flowers are fragrant, large, double and freely produced. They are even more attractive than shown on page 40, as it is impossible to put on paper their rich, lively color.

Hugonis (The Golden Rose of China)—Perfectly hardy everywhere, this fine shrub rose, growing 5 feet tall, is a gorgeous sight in late May and early June when its graceful, arching branches are covered with the golden yellow flowers.

K. A. Victoria—Absolutely perfect, fragrant flowers of ivory-white. An old favorite that even today has not been surpassed.

Los Angeles—Large flowers of brilliant salmon-pink.

Margaret McGredy—At first the color is a bright orange-scarlet that lightens to a rich carmine and is beautiful at all times. Very fragrant. A thrifty, vigorous grower that is always in bloom. Without question one of the finest of all roses.

McGredy's Ivory—A magnificent creamy-white rose that is fragrant and deep-petaled. Many consider it the finest white rose. Pictured on page 41.

McGredy's Scarlet—The large, perfect flowers of luminous carmine-red are produced so generously all season. A wonderful rose, fine for garden and cutting. See it on page 40.

McGredy's Yellow—This new rose is our favorite yellow. The color is so soft and clear and pure. The flower has a charm and grace all its own and entirely distinct. A strong grower and free-bloomer. It is

one of the most beautiful roses in our Gold Medal Collection pictured on page 41.

Miss Rowena Thom—A regal rose, immense flowers of bright cerise-rose, richly fragrant, freely produced all season.

Mme. Joseph Perraud—This outstanding rose is also included in our Gold Medal Collection, on page 40. It is a wonderful exhibition and garden rose. The long slender buds open into fragrant full flowers of Nasturtium buff flushed orange.

Mme. Jules Bouche—Considered the finest white garden rose. The sweetly-scented blooms are produced very freely all season and last a long time when cut. Pictured on page 37.

Mrs. E. P. Thom—A grand rose of unfading, clear yellow. Strong growing and free-blooming, it has made good all over America. See page 37.

Mrs. Henry Bowles—The fragrant, sparkling pink flowers of perfect form come singly on long stems all season.

Mrs. Henry Morse—Handsome, fragrant blooms of two contrasting shades of pink. Fine both in garden and for cutting.

Mrs. P. S. DuPont—From early summer until freezing this rose is a glorious sight with its rich yellow flowers. It was the favorite yellow rose in our World's Fair Rose Garden. See page 40.

Mrs. Sam McGredy—A remarkable new rose from the world-famous house of McGredy. The picture on page 41 will show you how beautiful are the flowers of orange-salmon suffused gold. It is vigorous, hardy, free-blooming and does well everywhere.

Pink Dawn—A new rose that is fine for both garden and cutting. The buds are lovely, and open into large, fully double flowers of clear, purest pink, extremely fragrant. A vigorous grower, hardy and free-blooming. Pictured on page 40.

President H. Hoover—A glorious combination of cerise toned orange, scarlet and yellow. Recognized as one of America's best roses. Richly perfumed, long-stemmed and free-blooming.

Radiance—The great American pink rose, planted everywhere because it has made good everywhere. The fragrant flowers are produced abundantly all season.

Radiance Blush (Mrs. Charles Bell)—This exquisite, fragrant, shell-pink rose should be in every garden. Free-blooming, hardy, easy to grow.

Radiance Red—This is America's favorite red rose. Hardy, healthy, free-blooming, with a true rose fragrance.

Sir Henry Seagrave—The sensational new lemon yellow rose with flowers perfect in bud and when open.

Soeur Therese—New, vigorous, free-blooming, fragrant yellow rose. The buds are exquisite.

Sunkist—Especially fine for garden and cutting because the lovely, fragrant, yellow flowers are produced so freely and come singly on long stems.

Talisman—A glorious combination of orange-yellow and rose-red. The fragrant flowers are freely produced all season and are especially fine for cutting as they come singly on long stems.

Victoria Harrington—Here is a real red rose, a rich crimson-scarlet that is unfading, even in the heat of summer. It is a strong healthy grower and blooms freely. Beautiful in bud and when open. Lasts a long time.

Ville De Paris—A very fine rose, fragrant, unfading buttercup yellow. Very hardy, easy to grow, free-blooming.

DONALD PRIOR

Patent No. 377. We believe this rose will produce more blooms than any other rose. The flowers are semi-double, about 3 inches across, fragrant, the color is an indescribable rich red, scarlet flushed crimson. Without question, one of the most beautiful of all roses. It makes a compact bush 24 to 30 inches tall, with healthy dark green foliage. Starts blooming in late spring and never stops until stopped by winter weather. For display of color in a solid bed or as a focal point of color in a border, or a hardy everblooming hedge, it is unsurpassed.

Each 85c, 3 for \$2.15

Bright Red Flowers All Summer Long

EVERBLOOMING BABY ROSES (Polyantha)
The Roses for Everybody, Everywhere

These are the easiest-to-grow of all roses. They require very little attention, grow everywhere, and bloom constantly from late spring until freezing. Plant them with or in front of your shrubs, to give a touch of color all summer. ALL WILL BLOOM FREELY THIS SUMMER and many years to come. The tall-growing varieties are fine for the back row of a rose bed, and the low-growing for the front row.

Baby Chateau—A wonderful new rose with great clusters of large, semi-double flowers of richest deep crimson, produced continuously. Everybody who sees it likes it. Grows 2½ to 3 feet tall.

Cecil Brunner—The Sweetheart rose, small double light pink flowers. Low growing.

Chatillon—The finest low growing pink, with enormous heads of vivid pink flowers all through the season.

Else Poulsen—Always in bloom, great clusters of apple-blossom pink flowers on a healthy, vigorous bush about 3 feet tall. For bedding or as a flowering hedge it is simply superb. One of the great roses of all times.

Gloria Mundi—Huge clusters of brilliant orange-scarlet flowers cover the bushy plant all season. Grows only 18 inches tall. Certainly makes a bright spot in the garden.

Gruss An Aachen—Large, double flowers like the Hybrid Tea roses. Buds are orange-pink, open flowers an exquisite orchid-pink. Grows 18 inches or so tall.

Gruss An Aachen, White—Exactly like the above but the flowers are an exquisite, fragrant, snow white.

Improved LaFayette—Another lovely, continuous blooming rose that belongs in every garden. Its cheerful, bright cherry-red flowers are produced so lavishly from late spring to late fall. Grows 3 feet tall, a perfect companion for Else Poulsen and Baby Chateau.

Mrs. R. M. Finch—Very popular in the east, this fine rose is never out of bloom, from early to late, clusters of rosy-pink flowers. Very healthy, vigorous grower, about 3 feet tall.

Sparkler—The popular low-growing (18 inches tall) red baby rose. It is always full of bright crimson flowers.

White Baby—The lovely white blooms are produced freely all through the season.

INTER-STATE CLIMBING ROSES

There is an increasing demand for climbing roses. This is not surprising when you have seen a porch, arbor or fence, completely covered with beautiful roses. For mass display of color, nothing can equal a climbing rose in full bloom. All climbing roses are **POSTPAID**.

These climbing roses are hardy but we recommend that Reveil Dijonnais, Climbing Hoover and Talisman be given winter protection. They will bloom from the new growth but if the old canes are not injured, then the quantity of bloom will astonish you. The other varieties will not be injured in a normal winter. Some winters, though, are unusually severe so if you wish to be absolutely safe, then you should protect them.

American Pillar—Flowers come in huge clusters, carmine red with white center and yellow stamens. **Each 40c; 3 for \$1.00.**

Climbing American Beauty—This great rose-pink climber loved and planted for generations. **Each 40c; 3 for \$1.00.**

Dorothy Perkins—Great clusters of crinkly, shell-pink flowers. Like "Topsy", it just grows, no care, no attention, for everybody, everywhere. **Each 30c; 4 for \$1.00.**

Dr. Van Fleet—Large flowers of exquisite light pink, on long stems. Very strong grower. **Each 40c; 3 for \$1.00.**

Excelsa—Bright crimson flowers in large clusters. Another old favorite that does well everywhere. **Each 30c; 4 for \$1.00.**

Gardenia—A rich, creamy yellow. **Each 30c; 4 for \$1.00.**

Paul's Scarlet—Popular red climbing rose. Its bright scarlet flowers are produced so abundantly that a full grown plant will have many hundreds of blooms. **Each 40c; 3 for \$1.00.**

Primrose—Large, double, canary-yellow flowers in great profusion. **Each 40c; 3 for \$1.00.**

Silver Moon—Large, semi-double flowers of rich ivory-white with a center of bright yellow stamens. We have seen a pergola entirely covered with just one plant. **Each 40c; 3 for \$1.00.**

Spanish Beauty (Staechelini)—A grand rose, large, fragrant flowers of glowing pink, on long stems. **Each 40c; 3 for \$1.00.**

Thousand Beauty—A fine rose without thorns. Blooms profusely, great clusters of apple-blossom pink. **Each 30c; 4 for \$1.00.**

White Dorothy—Just like the popular Pink Dorothy except the flowers are white. **Each 30c; 4 for \$1.00.**

MERCEDES GALLARD—Blooms all season

EVERBLOOMING CLIMBING ROSES

Climbing Hoover—Has the same beautiful flowers as the bush rose, but produces far more blooms. **Each 65c.**

Climbing Talisman—Flowers are identical to the Bush Talisman, but are produced far more lavishly. **Each 65c.**

Mercedes Gallard—A new everblooming climber. In June the plant is covered with the fragrant, large, full, cerise-pink flowers and they are produced intermittently throughout the season. Hardy. Especially fine as a pillar rose. **Each 65c.**

Reveil Dijonnais—Spectacular flowers of yellow with outer half of each petal a beautiful carmine red, edged scarlet. Blooms heavily in the spring and repeats lightly through the summer and fall. A great pillar rose. **Each 65c.**

NEW ROSE CREATIONS *for Your Garden*

Christopher Stone—The most exciting new rose—a brilliant, sparkling scarlet-crimson without a trace of blue. Shapely, long-pointed buds open into large attractive flowers with the true old damask rose fragrance. A healthy, vigorous grower and exceedingly free-bloomer. Stands lots of heat. Generally considered the best bright red rose. A solid bed is a glorious sight all season. A Gold Medal winner. Postpaid. **Each 75c, 3 for \$2.00, 12 for \$5.50.**

Golden Rapture—An exceedingly fine new rose with fragrant flowers of clear golden yellow. Exquisite buds on long stems, fine for cutting as they last so long. A robust grower with glossy green foliage. Postpaid. **Each 60c, 3 for \$1.50.**

Picture—We consider this one of the very finest pink roses in existence, a clear pink with just a trace of salmon to give it a warm glow, delightfully fragrant. The blooms are perfect in bud and when open. Very vigorous plant which blooms continuously. Postpaid. **Each 75c, 3 for \$2.00, 12 for \$5.50.**

Rosa Rouletti—From the rugged slopes of the Alps Mountains, comes this little gem, generally called the World's Smallest Hardy Rose. It makes a small bushy plant 8 inches or so tall and just as wide, producing all summer its pink double flowers, about an inch across. Popular for rock garden, low border and window box. Postpaid. **Each 50c, 3 for \$1.25.**

Charlotte Armstrong (Patent Applied For)—Won First Award in the 1940 "All America Rose Selections." Beautiful carmine red. Postpaid. **Each \$1.50, 3 for \$3.75.**

Dickson's Red—Patent No. 376. Won First Award "All America Rose Selections" for 1940. A glowing scarlet-red, very fragrant. Postpaid. **Each \$1.25, 3 for \$3.15.**

Sterling—Patent No. 21. Flowers are very fragrant and come singly on long stems, ideal for cutting. Bright pink with a light undertone of gold and cerise. A healthy, vigorous grower, free-blooming. Postpaid. **Each \$1.00, 3 for \$2.50.**

Mother's Rose Garden

ALL 6 OF THESE FINE ROSES ONLY \$2.75

JUNE MORN COLLECTION

1 JUNE MORN
1 BLAZE
1 DOUBLOONS

ALL 3 FOR \$2.95

3 Magnificent, Free-Blooming, Hardy Climbers

All Roses on This Page Are Climbers

June Morn—Patent No. 375. Produces freely its large, double flowers (often 5 inches across) of the most luscious watermelon-pink inside, and outside of petals touched with gold. As a pillar rose it is a fountain of beauty, blooming continuously for such a long time in spring and early summer and then blooming again in the fall. **Each \$1.50, 3 for \$3.75.**

Doubloons—Patent No. 152. Planted in your garden this golden beauty will bring great happiness to all who see it. The large yellow blooms cover the entire plant for a long period. It also tends to bloom again in mid-summer. Very hardy, a vigorous healthy grower because it is descended from the wild Prairie Rose. **Each \$1.00, 3 for \$2.50.**

New Dawn—Patent No. 1. This is the original Ever-blooming Climbing Rose. From spring until freezing, it actually produces hundreds of the large, fragrant, exquisite apple-blossom pink flowers. They come on long stems, ideal for cutting. Tested and proven the country over. Very hardy. **Each, \$1.50, 3 for \$3.75.**

Flash—Patent No. 396. One of the brightest colored of all roses, a luminous orange-scarlet with the reverse of petals gold. Last spring at Ames, Iowa (where it gets 25 below zero) 2 plants of Flash in full bloom were a sight that those who saw will long remember. A Gold Medal Winner for Climbing Roses in "All-America Rose Selections" for 1940 and 1941. An ideal pillar rose. **Each \$1.00, 3 for \$2.70.**

\$3.15

All Roses on This Page are Everblooming Bush Roses.

Crimson Glory—Patent No. 105. Unquestionably the finest of all red roses. Large, perfectly-formed blooms of the richest, intense vivid crimson. Delightfully fragrant. A vigorous, healthy grower and free-bloomer. If you have room but for one rose, we unhesitatingly recommend Crimson Glory. **Each \$1.25, 3 for \$3.15.**

Countess Vandal—Patent No. 38. Long pointed buds develop into most artistic blooms of coppery-bronze suffused gold and just a touch of pink. Hardy, healthy, free-blooming, a rose you will greatly enjoy. **Each \$1.00, 3 for \$2.50.**

Eclipse—Patent No. 172. Awarded many prizes abroad and in America. The "Stream-line" rose with long, graceful buds that open into fragrant flowers of rich golden yellow. Last unusually long both when cut and on the bush. Extremely strong, healthy grower, producing continuously. For cutting, it has no superior. **Each \$1.00, 3 for \$2.50.**

Nigrette—Patent No. 87. This is the famous "Black Rose." Flowers are medium size, deep maroon with blackish velvet sheen. **Each \$1.00, 3 for \$2.50.**

Rex Anderson—Patent No. 335. A perfect fully double fragrant white rose. By disbudding it can be grown to enormous size that is almost impossible to beat in exhibition. Vigorous grower. **Each \$1.25, 3 for \$3.15.**

R.M.S. Queen Mary—Patent No. 249. An outstanding new rose, a scintillating picture of glowing salmon and exquisite pink with a radiant gleam from the orange base. Long pointed buds unfold into large, perfect flowers, delicately perfumed. **Each \$1.25, 3 for \$3.15.**

McGREDY'S SUNSET—Patent No. 317. This new rose holds its color even in hottest weather—a lovely buttercup yellow shaded orange, the color intensifying as it unfolds. Flowers are fragrant and freely produced on long upright stems ideal for cutting. A healthy, vigorous grower. **Each \$1.25, 3 for \$3.15.**

SIGNORA—Patent No. 201. A rose that stands lots of hot weather. Shapely buds open into lovely flowers of rich orange and mandarin with a salmon glow, very fragrant. A vigorous plant, prolific bloomer. A wonderful rose for cutting. **Each \$1.00, 3 for \$2.50.**

These are our Standard size, 2-year, hardy, field grown plants. The color of each one will be plainly labeled and ALL WILL BLOOM THIS SUMMER.

FLOWERING HOPA TREE

Our finest flowering ornamental, low-growing tree—beautiful in bloom—beautiful in foliage—beautiful in fruit. In spring it is simply covered with the fragrant, bright pink flowers. In late summer and fall, the clusters of small fruits turn a bright red (these fruits make very fine jelly). The foliage is a rich maroon in spring. It is perfectly hardy, easy to grow, growing even on the poorest soil with scarcely any care or attention.

FLOWERING HOPA TREE

PURPLE FRINGE, SMOKE TREE

GOLDEN → CHAIN TREE, VOSSI

One of the rarest and most beautiful low growing trees. In the spring it is completely filled with golden flowers, in graceful clusters 12 to 18 inches long. It is hardy but we do not recommend planting it north of central Iowa. Plant where it gets some protection from hot summer winds. This tree in full bloom is a sight that will stop every one who passes and make your yard the center of attraction.

IMPROVED FRENCH LILACS

Many consider these improved French Lilacs the finest of all shrubs. Exquisite colors, delightful fragrance, freedom of bloom. They last for generations, grow everywhere, require no special soil or care and do not grow as tall as the old fashioned purple lilac. Bloom very young, generally next year after planting. A rare bargain at our low prices.

Bleuatre, blue.
Gen. Pershing, purple.
Lucie Baltet, pink.

Michael Buckner, lilac.

HILLS OF SNOW

for that Shady Spot

HYDRANGEA HILLS OF SNOW is a grand shrub for shady places like the north side of a house. From June to August it is covered with large, rounded white flowers. The large heart-shaped leaves are attractive in themselves. Grows 3 feet tall.

12 to 18 inches..... Each 35c; 2 for 60c
18 to 24 inches..... Each 45c; 2 for 80c

ALL SHRUBS POSTPAID

Chinese Tree (Vitex)—Grows 4 feet tall with long spikes of beautiful blue flowers from July till frost.

18 to 24 inches..... Each 60c; 1 for \$1.50.

Cranberry, High Bush—If you like birds, plant this shrub because they like its scarlet berries which hang on almost all winter. Has white flowers in April-May. It grows 8 feet tall, thrives in sun or partial shade.

12 to 18 inches... Each 45c; 18 to 24 inches. Each 60c.

Hydrangea, Oak Leaf—A rather rare shrub that is a joy to behold. In June it has superb panicles of white flowers, often a foot long. The foliage resembles oak leaves and is attractive all season, especially so in the fall when it colors a glorious deep, rich crimson. It makes a large, spreading bush 5 to 6 feet tall and 8 to 10 feet wide at maturity. It will certainly be the center of attraction in your yard. Grows in sun or partial shade and is perfectly hardy.

12 to 18 inches... Each 75c; 18 to 24 inches..... Each 90c.

Potentilla Fruticosa—This unique plant grows only 24 inches tall, very bushy, and right through the hottest summer months it freely produces its rather large bright yellow flowers that look like roses. Absolutely hardy.

12 to 18 inches... Each 50c; 18 to 24 inches..... Each 65c.

Syringa, Golden—The best low growing yellow leaved shrub. Makes a dense, rounded bush 3 to 4 feet tall.

15 to 18 inches..... Each 75c.

Purple Leaf Shrub (Prunus Cistena)—Yes, this is a shrub with PURPLE LEAVES, all through the season, showy, attractive. Among the green leaved shrubs it adds a distinctive touch of color. It grows 6 to 8 feet tall.

12 to 18 inches. Each 40c; 18 to 24 inches. Each 50c; 2 to 3 feet. Each 65c

1 HILLS OF SNOW
HYDRANGEA
1 BLUE HYDRANGEA
1 P. G. HYDRANGEA
**ALL 3
FOR \$1.35**
POSTPAID

GIANT BLUE HYDRANGEA

Giant Blue Hydrangea—Rare and the finest of all blue flowering shrubs. Glorious blue flowers in immense heads. In states with hot summer weather, it should be planted in almost full shade. In Great Lakes states, far eastern and far western states, will grow in full sun or partial shade. In severe sections should have some winter protection. It likes an acid soil. We tell you frankly, this shrub will require some attention and the results are more than worth it.

Each \$1.00

Hydrangea, P. G.—Immense cone-shaped blooms are white at first, then turn pink and bronze. Here in the middle west, it does best in partial shade. In the east, west and extreme northern states it grows in full sun or partial shade. Makes a shrub 3 to 4 feet tall. Very popular.

12 to 18 inches..... Each 35c; 2 for 60c
18 to 24 inches..... Each 45c; 2 for 80c

SPIREA, VAN HOUTTE

SNOWBALL

WEIGELA, EVA RATHKE

Spirea Van Houtte (Bridal Wreath)—This shrub has done more to beautify the homes of America than any other. It is by far the most popular and widely planted, it makes good everywhere. Can be used for foundation planting, as a single specimen, for screens, hedge—in fact any place you want a medium-tall shrub. It grows in sun or partial shade. These are extra fine plants that are sure to please you. Notice our low Postpaid Prices.

We can also furnish 12 to 18-inch hedging size plants at **12 for 90c, 50 for \$2.95, and 100 for \$5.50, Postpaid.**

Weigela, Eva Rathke—A fountain of crimson with its rich, ruby-red flowers almost all summer long. Grows 4 to 5 feet tall.

12 to 18 inches, **Each 40c;** 18 to 24 inches, **Each 50c.**

Snowball—In early spring, it is simply covered with hundreds of the pure white balls. Grows tall, in sun or partial shade.

12 to 18 inches, **Each 50c;** 18 to 24 inches, **Each 65c.**

Crape Myrtle (Wm. Toovey)—This is generally considered the most beautiful shrub in the South. It is not hardy in the North, but can be grown as far North as Kansas City by giving it protection over the winter. The foliage is an attractive, deep glossy green. From midsummer until fall it is covered with beautiful watermelon-red flowers in large heads. It is considered by many the most beautiful of all blooming shrubs. It makes a neat, compact bush and is a very prolific bloomer.

SYRINGA, VIRGINAL

BEAUTY BUSH

MAKE YOUR HOME MORE BEAUTIFUL *with* *Inter-Plate* SHRUBS

All Shrubs Postpaid. Free Premiums Page 7.

Syringa, Virginal—The best Mock Orange and one of the finest of all white flowering shrubs. The large white flowers come profusely in June with scattering blooms through the summer. Flowers are so fragrant that a spray of them will perfume a room. Grows 5 to 6 feet tall.

12 to 18 inches, **Each 35c**; 18 to 24 inches, **Each 45c.**

Beauty Bush (Kolkwitzia)—In the spring, the graceful arching branches of this fine shrub are completely covered with lovely pink flowers. The foliage itself is very attractive. Do not expect too much bloom for 2 or 3 years. After that, it will be a beauty spot for a life-time. Grows 6 feet tall.

12 to 18 inches, **Each 45c**; 18 to 24 inches, **Each 60c.**

Pink Snowball (Vib. Carlesi)—A truly magnificent shrub growing 4 to 5 feet tall. In the spring its delicate pink flowers perfume the entire yard.

12 to 18 inches, **Each \$1.35.**

Flowering Almond—One of the very first shrubs to bloom in early spring. The small double pink flowers completely cover the plant, from top to bottom of every branch. Grows everywhere and makes a bushy plant 3 to 4 feet tall.

12 to 18 inches, **Each 40c, 2 for 70c**; 18 to 24 inches, **Each 50c, 2 for 90c.**

Rose Tree of China (P. Triloba)—In early spring this beautiful shrub is completely covered with dainty, double, pink flowers resembling small roses. Grows about 6 feet tall and succeeds everywhere.

18 to 24 inches, **Each 50c**; 2 to 3 feet, **Each 60c.**

F. J. Grootendorst Rose—Attractive glossy green foliage with clusters of bright red flowers all summer. Makes an attractive bush 5 to 6 feet tall. Grows everywhere. A beauty spot among the shrubs. **Each 60c, 2 for \$1.00.**

Hugonis Rose—This also should be planted with the shrubs as it makes a fine bush 5 to 6 feet tall with lovely foliage, graceful arching branches covered in late spring with golden flowers. Nothing is easier to grow. **Each 60c, 2 for \$1.00.**

PINK SNOWBALL, VIBURNUM CARLESI

FLOWERING ALMOND

ALTHEA, Rose of Sharon

JAPAN SCARLET QUINCE

WHITE SNOWBERRY—for shady places.

JAPANESE BARBERRY

SPIREA, RED

Althea, Rose of Sharon—A rather tall growing, widely planted shrub which is fine for group and specimen planting, also for screens. Blooms freely, July till frost. Your choice of the following colors: Purple, Red, Pink, White with red eye.

Althea, Coelestis—A magnificent shrub growing 5 to 6 feet tall with lovely blue flowers, July to frost.

Althea, Snowdrift—Large white flowers from midsummer to frost. Makes a handsome bush 5 feet tall. One of the best white flowering shrubs.

Barberry, Japanese (Thunberg's)—Probably the most widely planted low growing shrub. Ideal for border and foundation planting. Makes a low, dense, rounded bush 3 feet tall. Grows in sun or partial shade. The foliage colors a beautiful red in the fall, with red berries which hang all winter. It is rust-free, easy to grow.

Red-Leaf Barberry—We have reduced the price of this brightly-colored shrub so now it costs no more than any of the shrubs on these 2 pages. Its bronzy-red foliage adds a touch of color among the greens of the other shrubs. In the fall, the leaves become even richer in color, a bright orange scarlet, followed by the red berries which hang on for many weeks. Plant in the full sunlight to develop its best color. Makes a dense, compact bush 3 feet tall and just as wide. A hedge of this is certainly a brilliant sight.

Butterfly Bush, Farquhar—This new variety is much better than the common Butterfly Bush. It grows more gracefully and not so tall. Also, the blooms are produced more freely and have a richer color, a lovely lilac-purple, produced freely from July to frost. It grows 3 feet tall.

Deutzia, Lemoine—Showy white flowers in late spring and early summer. Grows in sun or semi-shade and makes a rounded compact bush 4 feet tall, with slender graceful branches.

Deutzia, Pride of Rochester—A splendid shrub which grows 6 to 8 feet tall in sun or partial shade. In May and June it is a lovely sight with its flowers of white tinged pink.

Dogwood, Red Barked—Creamy white flowers in spring followed by clusters of blue berries. In winter, its bright red bark makes a pleasing spot of color among the other shrubs. Grows 8 feet tall. Grows in sun or semi-shade.

Elder, Golden—This makes a large bush 8 feet tall, so plant it in the background where the golden color of its yellow leaves contrast richly with the green foliage of the other shrubs. Develops its best color when planted in full sunlight. Grows everywhere.

Honeysuckle, Fragrantissima—An unusually attractive shrub with its rich, lustrous green foliage. It has fragrant white flowers in the early spring and again in the fall. In mild winters it is almost evergreen. Makes a bush 5 feet tall with graceful, semi-drooping branches.

Honeysuckle, Tartarian—One of the best tall shrubs, growing 8 to 10 feet high. Especially fine for backgrounds and screening unsightly views. Grows in sun or partial shade. Covered in May-June with charming pink flowers followed by clusters of red and orange berries.

Lilac, Chinese—A fine shrub for background, growing 10 to 12 feet tall. This is, we believe, the best tall growing lilac. Its foliage is exceptionally attractive and the reddish-purple flowers are produced so freely in May and June.

Quince, Japan Scarlet—This is the old-fashioned Fire Bush. In early spring just as the leaves are opening it is a gorgeous sight with its scarlet blossoms. The foliage is dark green and glossy as though varnished. It grows 6 feet tall and fills a place no other shrub can.

Snowberry, Chenaulti—A magnificent new shrub that unquestionably will become one of America's greatest. It has everything that a good shrub should have; graceful shape, fine foliage, lovely flowers, attractive berries, perfectly hardy and grows everywhere. The foliage is a rich shade of green and the branches arch gracefully. In June it is full of pink flowers followed by a multitude of red and white berries. Grows 3 to 4 feet tall and makes a dense bush. Plant it and if you are not enthusiastic about it, we will give you another shrub free. Makes a wonderful hedge or border, 3 to 4 feet tall that never needs trimming.

SPIREA, BILLARDI

WEIGELA, ROSEA

SPIREA, ARGUTA

MAKE A HOUSE A HOME

Snowberry, White—Here is a shrub that actually grows better in the shade than in the sun. In June and July it is covered with rose-pink flowers followed by many clusters of pearly-white berries. It grows about 4 feet tall. Plant it on the North side of your house.

Spirea, Arguta—This lovely shrub blooms 2 weeks before Van Houtte and as shown in the picture it is absolutely covered with the pure white flowers from top to bottom. The foliage is very distinct, being fine and feathery. It grows only 3 to 4 feet tall and is one of the best medium low shrubs.

Spirea, Billardi—Our most popular medium height shrub. It grows 4 to 5 feet tall. From July to September, produces its feathery pink plumes. It succeeds everywhere.

Spirea, Callosa Alba—Similar to Red Spirea but the flowers are white.

Spirea, Froebeli—If people knew this shrub better, it would be planted in large numbers. It makes a low, compact bush 3 to 3½ feet tall. In the spring and fall, the foliage is a striking maroon color. In May-June, it is covered with clusters of bright rosy-pink flowers, and occasional blooms through the summer. An ideal border shrub in front of taller shrubs or any place you want a low-growing shrub. Absolutely hardy and grows everywhere, lasts a life-time.

Spirea, Korean—A new spirea that blooms two weeks after Van Houtte, a perfect mass of lovely white flowers. Retains its beautiful glossy green foliage until very late in the fall. Grows 5 feet tall and is rated as one of the finest shrubs.

SHRUB PRICES

Every shrub on pages 48 and 49 is priced the same—your choice, alike or assorted. POSTPAID.

POSTPAID

(regular price \$1.45)

Strong 12 to 18-inch plants.
Same collection in heavy 18 to 24-inch plants for \$1.45 Post-paid (regular price \$1.95)
Flowers from early spring until fall.

Spirea, Red (Anthony Waterer)—This is our most popular low growing shrub, making a neat, compact bush 2 to 3 feet tall. The red flowers are produced all summer. Especially fine for borders and foundation planting. Succeeds everywhere.

Spirea, Sorbifolia—Here is a shrub that is entirely different. The foliage resembles ferns. In June and July there are large, fluffy heads of snow white. It grows 5 to 6 feet tall and is a beautiful shrub either as a specimen or in a general planting.

Spirea Thunberg's (Snow Garland)—A graceful shrub with bright green, fine, feathery foliage which turns orange-scarlet in the fall. It blooms very early, in April, before the leaves open, and each branch from tip to base is covered with the pure white flowers. It grows only 3 to 4 feet tall and is one of the finest shrubs for borders.

Tamarix, Hispidula—This is by far the best Tamarix and as a matter of fact is one of the finest of all shrubs. It grows 10 to 12 feet tall if not pruned but it can be kept down to any desired height. It grows in sun or shade, in wet or dry places. The fine, feathery foliage is silvery-blue. Bright pink flowers appear more or less regularly all summer. You will love it.

Weigela, Rosea—One of the most popular shrubs. Its beautiful bell-shaped, pink flowers are a lovely sight in late spring and early summer, borne so profusely along arching branches. Succeeds everywhere, grows 5 to 6 ft. tall.

Weigela, Variegated—An attractive shrub, with variegated leaves, green bordered white. Pink flowers in May-June. Grows 4 feet tall.

HARDY FERNS

Every fern we list is hardy and easy to grow. Some are adapted to sunny places, some to moist shady places, some to dry shady places. Be sure to plant some—nothing adds more to a lovely bouquet than feathery sprays of fern. Prices on all Ferns, varieties alike or assorted, your choice:

Each 25c; 5 for \$1.00; 12 for \$2.00

American Maidenhair—Fine for planting on north side of house, grows only 8 to 12 inches tall.

Cinnamon—This fern thrives in a shady, moist location, grows 2 to 4 feet tall.

Hayscented—Growing only 12 to 18 inches tall, this fern will grow even in a dry spot, right out in the sun. Fine for rock garden.

Interrupted—This is good for foundation planting on both shady and sunny sides. It does not matter if the ground gets a little dry. Grows 2 to 4 feet tall.

Lady—Fine on north side of house, or any shady spot, grows 1 to 2 feet tall.

Leathery—This fern is fine for a dry, shady place, grows 12 to 30 inches tall.

Ostrich Plume—Our most popular fern. Thrives in any shady location, not too dry. Grows 2 to 4 feet tall.

Polypodium—This little fern grows only 4 to 6 inches tall. Grows in sun or shade.

**Assorted Hardy Ferns,
Not Labeled, Our Selection**
6 for \$1.00 Postpaid

Armeria, Glory of Holland—1½-2 ft. Beautiful pink flowers, 2 to 2½ inches across, are produced on stems 18 to 24 inches long. If the flowers are cut, blooms all summer. **Each 40c; 3 for \$1.00.**

Delphinium, Pink Sensation—Plant Patent No. 324. The sensational new and only true pink Delphinium. Supply very limited, potted plants only. **Each \$1.00.**

Shasta Daisy, Supreme—2 feet. Extra large (2 times larger than pictured), pure snow white flowers are produced almost all summer on long stems, fine for cutting. Perfectly hardy and does well everywhere. We consider it our best Shasta Daisy. **Each 50c; 3 for \$1.25.**

Shasta Daisy, Fringed Beauty—2-3 feet. This is the most vigorous and tallest growing strain of fringed shasta daisies. The flowers are similar to Chiffon but larger and produced more freely. **Each 40c, 3 for \$1.00**

Shasta Daisy, Esther Read—1½-2 ft. The blooms of this new and very scarce variety are so double that they have no golden center at all but are pure white from edge to edge. The flowers are large, often 4 inches across and are produced all summer and fall. As a cut flower it is superb and it has a tendency to bloom so freely that the flowers should be cut often to relieve the strain on the plant. One of the finest of all white perennials.

Each 75c; 1 for \$2.00

Shasta Daisy, Chiffon—18 inches. The flowers of this new lovely hardy Shasta Daisy are 3 inches across, with narrow frilled petals of white and a center of clear yellow. The dainty flowers add a touch of distinction to any bouquet. Everybody loves it when they see it. **Each 50c; 3 for \$1.25.**

HARDY FERNS

SHASTA DAISY, CHIFFON

HEMEROCALLIS

HEMEROCALLIS, DAY LILY

These are the easiest to grow of all plants, and thrive in full sun or partial shade, from coast to coast. An established clump will have 10 or more bloom stalks, each stalk producing 15 to 30 blooms. These are new, superior varieties. We are pricing them about half regular price.

Bay State—Brilliant golden-yellow flowers on 40-inch stems, all through July.

D. D. Wyman—Huge flowers of orange overlaid rich mahogany on 30-inch stems, in July and August.

Fulva Maculata—Striking flowers of coppery-orange, shaded crimson on 48-inch stems in July.

Gypsy—Bright flowers of flame-orange on 30-inch stems in July and August.

J. A. Crawford—Probably the most popular of all. Large, beautiful flowers of rich yellow shaded apricot on 36-inch stems all through July.

Prices on all 5 above varieties, alike or assorted, your choice, Postpaid.

Each 35c; 4 for \$1.00

1 Each of All 5 for \$1.15

DOUBLE TUBEROUS BEGONIA

NEW POPPIES

Oriental Poppies do best when planted in late summer and early fall. We will ship them to you at that time, genuine root-cutting-grown No. 1 plants, the finest you can get.

Our 3 Best Poppies

Helen Elizabeth—crinkly petals, exquisite shell-pink without any spots. **Each 50c.**

Pink Lassie—Iridescent La France pink tinged coral. Sold for 75c each last fall. **Now Each 50c.**

True Wunderkind—Magnificent, large flowers of watermelon-red. **Each 50c.**

1 Each Above 3 Poppies for \$1.00

Cavalier—crinkly scarlet.

Giant Red—enormous, flame red.

Lula A. Neeley—velvety dark red.

Mrs. Ballego—fine salmon-pink.

Purity—clear soft pink, no spots.

Varieties alike or assorted, your choice

Each 30c, 4 for \$1.00

1 Each of Above 5 Poppies for \$1.00

Tuberous Begonia—No flower grown can equal these for sheer, exquisite beauty. They are widely used as pot plants for winter blooming and also for summer beds outdoors. We send you complete planting instructions with each order telling you how to grow them both indoors and out. We can furnish two types, the Double Camellia Flowered, and the Single Frilled. You have your choice of six colors as follows: Red, Pink, Orange, Apricot, Yellow, or White. Take up the bulbs in the fall before freezing weather. You can pot them and they will bloom indoors. Plant where they are protected from hot sun and hot wind. We send you bulbs $1\frac{1}{4}$ to $1\frac{1}{2}$ inches in diameter. **Each 30c, 4 for \$1.00.**

Campanula, Telham Beauty— $2\frac{1}{2}$ ft. This is the true perennial Campanula, one of the most attractive plants we offer. During June and July, produces a great display of large, bell-shaped blue flowers on stems $2\frac{1}{2}$ feet long. Grows everywhere. Plant them early, just as soon as the ground is workable. **Each 40c, 3 for \$1.00.**

NEW GIANT PACIFIC DOUBLE DELPHINIUM

Conceded to be the finest strain of Hybrid Delphinium grown. The flowers are double and very large, beautiful colors, very free-blooming on strong wiry stems. The plants are hardy, healthy and vigorous. We have the following colors:

Orchid Blue Purple White

Your Choice, Alike or Assorted

Each 60c, 2 for \$1.00, 4 for \$1.75

1 Each of All 4 Colors for \$1.65

MIXED COLORS, 3 for \$1.00.

1 Campanula, Telham Beauty

1 Gypsophila, Rosy Veil

1 Helenium, Orange Chippersfield

1 Bleeding Heart, Old-Fashioned

All 4 for \$1.00

(regular price \$1.55)

ORIENTAL POPPY, Helen Elizabeth

Gypsophila, Bristol Fairy—3 ft. Dainty, double white flowers are produced freely from June to September. **Each 50c.**

Gypsophila, Rosy Veil—2 ft. From July to frost, the bush is a perfect cloud of the minute, double pink flowers. Excellent in the border, and superb for bouquets. **Each 40c; 3 for \$1.00.**

Helenium, Orange Chippersfield—3-4 ft. The flowers come in such profusion they simply cover the entire bush—bright orange with a central disk of mahogany. Blooms latter part of summer and early fall when flowers are scarce. Easy to grow, likes a sunny location. **Each 40c, 3 for \$1.00.**

Lily of the Valley—8 inches. Everybody loves this fragrant white flower. Grows in sun or shade. **10 pips for 40c; 25 for 75c.**

Bleeding Heart, Old-Fashioned—2 ft. An old favorite that thrives in partially shaded places. The graceful, heart-shaped pink flowers come in April-May. **Each 35c, 2 for 60c.**

OLD-FASHIONED BLEEDING HEART

INTER-STATE'S HARDY PERENNIALS *Guaranteed to Please You*

ASTER HARDY, LITTLE PINK LADY, Hundreds of Pink Blooms

There is a world of difference in perennial plants. Those grown thickly in beds make spindly, weak plants with poor roots. Our perennials are big, transplanted, hardy plants that were grown in the fields in wide rows, with plenty of room for both tops and roots. Such plants naturally cost a great deal more to grow, but THEY ARE WORTH MUCH MORE. They live longer, grow better and bloom more freely.

ALL PERENNIALS ON PAGES 52, 53, 54, 55 ARE PRICED THE SAME.
VARIETIES ALIKE OR ASSORTED, YOUR CHOICE,
POSTPAID.

Each 25¢, 5 for \$1.00, 12 for \$2.00

The figures following name give the average height of plant when in bloom.

Alyssum, Saxatile Compactum—10 inches. Called "Basket of Gold" because of its profusion of golden flowers in spring. Fine for borders and also in tulip beds.

Anchusa, Myosotidiflora—10-12 inches. Charming blue flowers in early spring. Large, attractive leaves. Grows in sun or partial shade.

Artemisia, Silver King—3 ft. Its bright, frosted, silver-gray foliage combines perfectly with other flowers and makes an ideal background. Fine for winter bouquets.

ALYSSUM, SAXATILE COMPACTUM

Asters, Dwarf—These make low, compact bushes which in September-October are simply covered with beautiful flowers. Easy to grow and succeed everywhere. Fine for borders, in the rock garden, or in clumps, they are becoming more popular each year. Your choice following varieties.

Lady Henry Maddocks—12 inches. Light pink flowers in great profusion.

Lilac Time—15 inches. Loaded with violet-blue flowers in early fall.

Little Pink Lady—18-24 inches. Many hundreds of lovely pink flowers completely cover the entire plant.

Niobe—12 inches. By far, the finest dwarf white aster.

Star of Wartburg—12-15 inches. This fine Aster blooms in the spring. Large flowers, 2 to 3 inches across, of lovely lilac-blue with orange centers.

Bleeding Heart, Fern Leaved (Eximia)
—Beautiful, finely cut, fern-like foliage, with lovely pink flowers from May to September. Thrives in sun or shade, perfectly hardy, very easy to grow.

The following Hardy Asters are among our finest autumn-blooming plants. Easy to grow and bloom so abundantly.

Aster, Queen Mary—4 ft. Large, frilled flowers of dark, sky blue.

Aster, Red Rover—3 ft. A choice rosy-red.

Aster, Silver Sheen—3½ ft. Exquisite flowers, lilac with a delicate silvery sheen, cover the entire plant.

Aster, Strawberries and Cream—4 ft. Two tones of pink, light and dark, make an attractive combination. The bloom clusters are more open and lacy than other Asters.

Aster, Sunset—3½ ft. Glowing deep rosy-pink.

Centaurea Montana (Hardy Cornflower)—2 ft. Produces its violet-blue flowers right through the heat of July-August.

Delphinium, Inter-State Hybrids—4-6 ft. A cross of the best English Delphiniums with native species, thus creating a plant that will thrive where the straight English type will live but a few months. Frankly, this strain does not have all double flowers like the GIANT DOUBLE STRAIN, but otherwise it has just as fine a range of colors that vary from indigo-blue to light blue, many tinged pink.

BLEEDING HEART, FERN LEAVED

CANTERBURY BELLS

COREOPSIS, Mayfield Giant

DIANTHUS, Delight

GAILLARDIA, Portola Hybrids

Canterbury Bells—2 ft. The erect growing plants are completely covered with large, bell-shaped flowers in May-June, which last a long time when cut. Your choice of blue, pink, or white.

Campanula, Rotundifolia—1 ft. The Blue Bells of Scotland. Clear blue flowers, June to September.

Coreopsis, Double New Gold—2½-3 ft. A fine new variety with large double and semi-double flowers, all summer long. When cut, last an unusually long time.

Coreopsis, Mayfield Giant—2½ ft. This fine new Coreopsis from Australia is a decided advancement, producing larger bright yellow flowers on longer stems, more freely all summer.

Coreopsis, Superba—2 ft. A Coreopsis that is entirely different, the large yellow blooms have a distinct maroon-red center. Produced freely, all summer.

Dianthus, Arenarius—8 inches. White, fringed flowers for many months. The plant makes a very dense low plant which grows only a few inches tall but spreads out to a foot or more, a beautiful mound of green. Its foliage alone will delight you as we know of no plant more attractive. Will grow in the hottest, sunniest, driest spots.

Dianthus, Delight—12-15 inches. Rightly named, this is a real delight. Blooms from early summer until mid-autumn, in colors ranging from light pink to deep purple. Beautiful in the garden and fine for cutting.

Dianthus, Spring Beauty—15 inches. An improved strain of the old-fashioned spicily fragrant garden pinks. The flowers are large, double, carnation-like, in a beautiful range of colors.

Forget-Me-Not—6 inches. The dainty flowers, rich blue with a yellow eye, are produced freely all summer long. Fine for ground covering among lilies, tulips and other bulbs.

Gaillardia, Burgundy—2 ft. Large wine-red flowers all summer.

Gaillardia, Goblin—15 inches. A neat, dwarf Gaillardia with slightly smaller red and yellow blooms.

Gaillardia, Portola Hybrids—2½ ft. Giant flowers (often 5 inches across) of bright red edged gold produced from June until frost. Stands lots of heat and dry weather. Succeeds everywhere.

Gaillardia, Tangerine—2 ft. Striking flowers of tangerine-orange, all summer.

Gypsophila, Pan. (Baby's Breath)—2-3 ft. In bouquets, this dainty flower imparts an airy effect that no other flower can give. The great masses of small, pure white flowers come in July and August. Also unexcelled for winter bouquets.

Gypsophila, Double Snow White—2-3 ft. Like the above but flowers are double.

Gypsophila, Oldhamiana—3 ft. This new variety has fragrant, blush-pink flowers from late summer until frosts. Exceptionally fine.

Gypsophila, Repens—A beautiful trailing plant with clouds of white blooms in July and August.

Gypsophila, Repens Rosea—Like the above but flowers are light pink.

Heliopsis, Excelsa—3 ft. Semi-double, bright yellow flowers, 3 inches across, June to October. Fine cut-flower.

Iris, Japanese—2-3 ft. Many lovely colors in June-July.

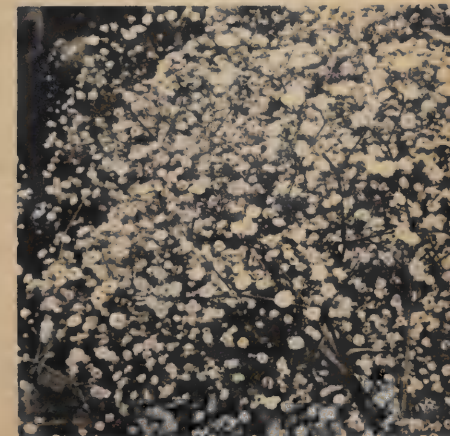

CAMPANULA, Blue Bells of Scotland

COREOPSIS, Double New Gold

DIANTHUS, Spring Beauty

GYPSOPHILA, Baby's Breath

PYRETHRUM, Giant Hybrids

ALL PERENNIALS ON PAGES
52, 53, 54, 55 ARE PRICED THE
SAME. VARIETIES ALIKE OR
ASSORTED, YOUR CHOICE,
POSTPAID.

Each 25¢, 5 for \$1.00
12 for \$2.00

Hibiscus, Giant Mallow Marvels—4 ft. Immense flowers in August-September. Your choice of Red, Pink, White, or Mixed.

Hollyhock, Improved Double—4-6 ft. A magnificent new strain of this old-fashioned flower which is coming back so rapidly. The bright, cheerful flowers, fully double, in a glorious range of colors. Your choice of the following colors:

Orange	Scarlet	Pink
White	Rose	Chamois
Yellow	Maroon	

Lavendula Vera—15-18 inches. This is the true old-fashioned "Sweet Lavender" that Grandmother put in the "bureau" to give her clothes a fragrant scent. The delicate lavender flowers are produced in July-August.

Linum, Perenne (Blue Flax)—12 inches. Even without the lovely blue flowers, which are produced all summer long, this plant would be worth while for its attractive, graceful, feathery foliage. Ideal for borders and rock gardens.

Linum, Yellow—12 inches. Masses of golden flowers from June to September. Very attractive foliage.

Lythrum, Rose Queen—2½-3 ft. Here is another plant that grows everywhere. From July to October, it freely produces its lovely bright rose flowers in graceful, tapering spikes 2½ to 3 feet tall. Beautiful in the garden and fine for cutting.

Phlox, Subulata (Creeping, Moss Pink)—4 inches. Moss-like foliage that stays green all winter and completely covered with attractive flowers in spring. Your choice of White, Blue or Pink.

Platycodon (Balloon Flower)—18-24 inches. Its lovely, bell-shaped flowers come on long stems all summer long. Your choice of blue or white.

Platycodon, Mariesi—1 ft. A beautiful dwarf plant with broad foliage, deep blue flowers all summer.

Pyrethrum (Painted Daisy)—2 ft. This popular plant with finely cut foliage produces its lovely flowers in spring and early summer. Your choice of red, pink or white.

Pyrethrum, James Kelway—2 ft. Large flowers of richest red.

Pyrethrum, Robinson's Giant Hybrids (Painted Daisy)—2 ft. No other strain can approach this for size and brilliance of color, running mostly to the red and pink shades.

HIBISCUS, Giant Mallow Marvels

LINUM, YELLOW

PHLOX, SUBULATA, Moss Pink

PLATYCODON

PHYSOSTEGIA, Summer Glow

PLUMBAGO

SHASTA DAISY, White Swan

YUCCA

Physalis, Francheti, New Giant (Chinese Lantern)—2 ft. Very large, orange-scarlet fruits, when cut will keep all winter.

Physostegia, Summer Glow—3-4 ft. Rosy spikes often 18 inches long in August and September.

Plumbago (Leadwort)—8 inches. The only reason this fine plant is not planted by everybody is simply because of its difficult name. All summer and fall it is full of its bright, deep-blue flowers. For borders or solid beds it cannot be surpassed.

Rudbeckia, Newmanni—3 ft. Deep orange-yellow flowers with purple center on long wiry stems 2 feet or more tall, in great profusion all summer.

Rudbeckia, Purpurea (Purple Cone-flower)—3 ft. Reddish-purple flowers with large brown cone-shaped center, July to October.

Sage—This is the plant so popular for seasoning.

Salvia, Pitcheri—3-4 ft. This plant delights in hot, sunny places and can stand lots of dry weather. From mid-summer to October the deep gentian-blue flowers are produced profusely and the foliage is a lovely gray.

Scabiosa, Fischer's—2½ ft. The glorious violet-blue flowers are large, often 2½ to 3 inches across, and are borne on long stems. From late July until October it is simply full of bloom. Makes a beautiful garden display and is ideal for cutting.

Shasta Daisy, Double White Swan—2 ft. Pure white, double flowers on long 18-inch stems exceptionally fine for cutting, produced very freely in the spring.

Shasta Daisy, Mrs. J. Tersteeg—2½-3 ft. Possibly the largest of all Shasta Daisies. The flowers are pure white with yellow center and come singly on long stems. Exceptionally fine for cutting. The plant is very robust and blooms freely, more so if the flowers are cut.

Statice Caspia (Sea Lavender)—2½ ft. Immense heads of lilac-blue flowers in July and August. Good for cutting and winter bouquets. We like this much better than the common Latifolia.

Sweet Pea Perennial—Entirely hardy, you can train this climber on a trellis, fence, or let it run over a bank or cave. Produces its lovely flowers all summer. Your choice, Red, Pink or White.

Sweet William—15 inches. Sweet clove-scented flowers in great profusion in the spring, very fine for cutting. The plants make a wonderful border plant. We have the Improved Sutton's strain, the finest grown. Easy to grow, everywhere. Your choice the following:

- Scarlet Beauty, intense scarlet.
- Purple Beauty, rich purple.
- White Giant, pure white.
- Pink Beauty, salmon-pink.
- Crimson Beauty, deep crimson.

Sweet William, Everblooming Red—15 inches. Intense deep scarlet blooms all summer, right up to freezing.

- Amenti**—Large ruffled flowers of changing tints like a summer sunset.
- Baldwin**—Very large flowers of striking heliotrope, an unusual color in iris.
- Blue Hill**—A fine unfading medium blue.
- Dore**—One of the most beautiful of all iris, the standards are clear yellow, the falls are creamy white with a yellow border.
- Electra**—Huge flowers of snow-white with a distinct blue border.
- Noweta**—Frilled flowers of sparkling pink.
- Spokan**—Brilliant flowers of chestnut-red with hints of copper.
- The Black Douglas**—Deep midnight purple with a texture like velvet.
- War Eagle**—Immense flowers of deep ox-blood red.

NEW CROP, HIGHEST QUALITY SEED, GUARANTEED TO GROW

The Outstanding Seed Offer of 1941. Have a Big Garden This Year, with plenty of garden-fresh vegetables through the season and some left to can for winter. At regular prices the seeds in this Big Collection would cost you \$2.10, so you actu-

ally save \$1.10 when you buy the "Fill-Basket" Collection. But your biggest saving is THAT YOU WILL HAVE YOUR OWN VEGETABLES. Better Meals, Better Health and Save Money.

PLEASE NOTE—This collection is made up in advance and there can be no changes made in the selection of varieties.

NEW SPRING-FLOWERING SWEET PEAS

**Entirely New—Stands Lots of Hot Weather—
Blooms a Long Time—Long Stems**

This is an entirely new strain of Sweet Peas, especially suitable for the middle-west because it can stand LOTS OF HOT WEATHER AND STILL KEEP RIGHT ON BLOOMING. A vigorous grower and blooms over a long time. The flowers are large, waved, come on long stems fine for cutting. You have your choice of 3 lovely colors. Post-paid.

Blue Per Packet 25c
Pink Per Packet 25c
Lavender Per Packet 25c

1 Packet Each of All 3 Colors for 60c

We cannot recommend these new Spring-flowering Sweet Peas too highly. You will be amazed at the great quantity of large, lovely blooms you will get right in hot weather when other sweet peas stop blooming. They have such a long blooming season that you should plant them EARLY, just as soon as the ground is workable. The sooner you plant, the sooner they bloom.

FRIENDSHIP SPECIAL

Inter-State's Improved Long-Spurred **COLUMBINES**

Pictured actual size, we believe these are the finest Columbine (*Aquilegia*) sold today. The colors are so rich, so clear and beautiful—the flowers so large and graceful. Perfectly hardy, will grow in full sun but like a little shade. You can buy them in Mixed or Separate Colors. We especially recommend planting the Mixed. Their colors blend so perfectly, adding to your garden a "fairy" touch that no other flower can give. We send the finest No. 1 field-grown plants that **WILL BLOOM THIS SEASON.**

COLUMBINE SPECIAL

5 Mixed Colors
1 Crimson Star

**All 6 for \$1.00
Postpaid**

Fancy Leaved Caladium

Selected Bulbs, 5 to 7 inches around
Each 35c, 2 for 65c, 4 for \$1.20

No other foliage plant equals these for summer display. Many beautiful colors. Prefer partial shade and plenty of water. Dig them in the fall like cannas. **POST-PAID.**

FANCY LEAVED CALADIUM

Bunch of Gold, Doronicum Each 40c, 3 for \$1.00

Bright yellow flowers, 3 inches across, freely produced on 2-foot stems in early spring. Especially fine for cutting as they last so long. Thrive in sun or partial shade. Foliage disappears in mid-summer, then comes up again. Plant early as possible. **POSTPAID.**

BUNCH OF GOLD

Crimson Star Columbine

Each 30c, 4 for \$1.00

This lovely new Columbine is pictured below actual size. The large flowers are rich deep crimson with inner petals of white. Succeeds everywhere, making a bushy plant 24 to 30 inches tall, blooming very freely in May and June. **Postpaid.**

CRIMSON STAR COLUMBINE

CLARA CURTIS ↑

Blue Spire, Veronica—All summer this fine variety produces its plummy spikes of rich blue (much deeper blue than pictured). Perfectly hardy, it increases in beauty each passing year, making a bushy plant 24 inches tall and almost as wide. Stands lots of hot, dry weather. One of our top-notch perennials. **Each 30c, 4 for \$1.00.**

Golden Beauty, Hardy Dahlia (*Helianthus*)—The bright yellow flowers look like Dahlias but the plant is perfectly hardy. Stands the heat and dry weather splendidly and blooms so profusely that you can cut flowers almost every day from mid-summer until frost. The flowers are 3 inches across and are very good as a cut-flower. Succeeds everywhere with little attention and in any soil. **Each 40c, 3 for \$1.00.**

All Perennials are Postpaid.
See Page 7 for Free Premiums.

1 BLUE SPIRE
1 IMPROVED RUBY

ALL 4 FOR \$1.00 POSTPAID
(Regular Price \$1.60)

← CLARA CURTIS

We have yet to see a single person who has seen this wonderful new Chrysanthemum in bloom who did not want it. It commences blooming last of August and for weeks is a solid mass of beauty, hundreds of blooms on a single plant. The daisy-like flowers are 2 inches across, a lovely salmon-pink. It makes a spreading bush, at the end of the first year being 18 to 24 inches across and same height. The flowers come on fine stems, perfect for cutting and last for weeks when cut. It is perfectly hardy and one of the easiest to grow of all perennials. Succeeds everywhere. We sincerely tell you this is without question one of the finest hardy plants ever grown. **Each 50c, 3 for \$1.25.**

Improved Ruby, Gaillardia—One of the best garden plants and also fine for cutting. The flowers 2 to 3 inches across, are a brilliant ruby-red, on stems 18 to 24 inches tall. Makes a neat upright plant with fine grey-green foliage, attractive in itself. This is an improved strain which grows more vigorously, blooms more freely, blooming the entire summer regardless of how hot the weather or how dry. Prefers a sunny position. Hardy and easy to grow. **Each 40c, 3 for \$1.00.**

Improved Sun God, Gaillardia—Pictured on page 59. This should be in every garden because it blooms from July until frost, right through the hottest, driest weather. The flowers are pure golden yellow, 2½ to 3 inches across and come singly on stems 24 inches tall. A wonderful plant for the garden and also very fine for cutting. They like a sunny spot. It is hardy but in cold sections, we advise a light, loose winter mulch because this plant is too fine to take any chances losing it during an extreme winter. **Each 40c, 3 for \$1.00.**

GAILLARDIA SPECIAL

1 IMPROVED RUBY
1 IMPROVED SUN GOD

Both for 65c

IMPROVED RUBY, GAILLARDIA

HARDY ASTER

Special

FIVE NEW ASTERS, EACH ONE
THE FINEST OF ITS COLOR

1 FRIKARTI 1 HARRINGTON'S PINK
1 MT. EVEREST 1 BLUE PLUME
1 BEECHWOOD CHALLENGER

ALL 5 FOR \$1.50 Postpaid
(\$2.45 Value)
Any 4 for \$1.25 Postpaid

We offer the finest new hardy Asters. Easy to grow, thriving in any garden soil, in sun or partial shade. In late summer and autumn they are a mass of solid blooms. All are hardy but in real cold sections, we advise a loose, light winter mulch.

Frikarti—This marvelous Aster produces its handsome flowers, lilac with a golden center, from July until freezing weather. The blooms are large, 2 to 3 inches across, and come on long fine stems for cutting. Makes a bushy plant 2 to 2½ feet tall. **Each 50c; 3 for \$1.25.**

Beechwood Challenger—Yes, this is the finest red Aster. It makes a compact, well-branched bush 3 to 3½ feet tall that is completely covered with the entrancing red flowers. **Each 50c; 3 for \$1.25.**

Mount Everest—The finest white Aster. Large white flowers with a glistening yellow center, cover the entire bush, 3 to 4 feet tall, right down to the ground. **Each 35c; 4 for \$1.00.**

Harrington's Pink—This is not only the finest pink Aster but it is one of the very best of all perennials. Grows 4 to 5 feet tall, starts blooming in August and for weeks is absolutely covered with the large sparkling pink flowers. **Each 50c; 3 for \$1.25.**

Blue Plume—For years we have been looking for a real blue Aster. Here it is and it is the finest rich blue Aster we have ever seen. Grows 3 to 3½ feet tall, a profuse bloomer. **Each 60c; 2 for \$1.00.**

HARRINGTON'S
PINK

BLUE
PLUME

BLUE MOON, STOKESIA

GARNET, PENSTEMON

BLUE MOON

Large, lovely lilac-blue flowers, 4 to 6 inches across, produced all summer until frost, on stems 12 to 18 inches long. Hardy, healthy, vigorous, succeeds everywhere. Each 50c, 3 for \$1.25.

Garnet, Penstemon—A new strain of hardy, large flowering Penstemons, producing a succession of bloom from June until frost. The flowers are a rich garnet red, gracefully placed on stems 18 inches tall. Beautiful in the garden and excellent for cutting. Plant in a well-drained sunny spot.

Each 50c, 3 for \$1.25.

Shell Pink, Penstemon—The exquisite pink flowers, not as large as Garnet, are produced even more freely. An outstanding new plant that will be a constant delight all summer. Likes a sunny, well-drained spot. Each 50c, 3 for \$1.25.

BLUE MOON SPECIAL

1 BLUE MOON

ALL PERENNIALS ARE POSTPAID.

MOONLIGHT, ANTHEMIS—See page 61

SEPTEMBER GLORY

Just imagine a giant spike, growing 6 feet tall, covered solidly from top to bottom with lovely purple flowers, and there you have September Glory. What a gorgeous effect it produces as it blooms in September. Grows in any kind of soil, poor or rich, moist or dry, stands heat and cold, thrives in sun or partial shade. Just remember this, they like to be planted in early spring as soon as the ground is ready. **Each 50c, 3 for \$1.25.**

GIANT PURPLE SPIKE GROWS 6 FEET TALL

White Spire, Liatris—Exactly like September Glory but the flowers are white and the spikes just a little shorter. **Each 60c, 2 for \$1.00.**

Heliopsis, S. Incomparabilis—A rather terrifying name but we assure you this is an outstanding new perennial. Right through the summer heat and up to frost, it produces so freely its showy, golden blooms, 3 inches or more across. When cut, lasts 10 days. Makes a bushy plant 2½ to 3 feet tall, easy to grow, requires almost no care. **Each 50c, 3 for \$1.25.**

Moonlight, Anthemis—All through the summer, it is literally covered with the lemon yellow, Daisy-like flowers, 2 inches across. Fine in the garden and for cutting. Makes a neat compact plant 2 to 2½ feet tall, with attractive fern-like foliage. See Page 60. **Each 40c, 3 for \$1.00.**

The King, Rudbeckia—A new perennial of majestic beauty. The large flowers (often 4 inches across) of bright pink with a large center cone of dark brown, last a very long time both on the bush and when cut. Starts blooming early in July and continues into fall. A strong grower, perfectly hardy and easy to grow. **Each 60c, 2 for \$1.00.**

Geum, Fire Opal—This hardy Geum with its bright red flowers and attractive foliage, will be one of your most highly prized plants. The flowers are almost 2 inches across, a dazzling scarlet, toned orange, freely produced May to October. A fully developed plant, 24 inches tall, may have 100 open flowers at one time. **Each 40c, 3 for \$1.00.**

Geum, Prince of Orange—This lovely Geum freely produces its large flowers of glowing orange on 18 to 24 inch stems. We know of no other orange colored plant to compare with it. **Each 40c, 3 for \$1.00.**

Columbine, Coerulea—The famous Rocky Mountain Blue Columbine. **Each 25c, 5 for \$1.00.**

FLAME

**Best Red
Hardy
Carna-
tion**

FLAME, the Improved Crimson King is the best hardy red carnation. No plant in your garden will give you more satisfaction. Commences blooming in early summer and continues until frost with as many as 40 gorgeous flowers open at once. The blooms are a beautiful cerise-crimson, many 2 inches across, are fragrant and come on strong, upright stems 15 to 18 inches long. Blooms the first year. Makes a plant about 2 feet tall and almost as wide, growing in sun or partial shade.

Each 30c, 4 for \$1.00, 9 for \$2.00

← **ROSE UNIQUE**—New and the very best HARDY PINK CARNATION. The lovely fragrant pink flowers are produced from early summer until frost on 15 to 18 inch stems. One of the best new perennials—beautiful in the garden, exceptionally fine for cutting.

Each 40c, 3 for \$1.00

SILVERMINE—A perfect companion to FLAME AND ROSE UNIQUE. Its fragrant flowers are pure white and produced freely all season on long stems.

Each 50c, 3 for \$1.25

FLAME SPECIAL No. 1
3 Flame
1 Rose Unique } **All 4 for \$1.00**

FLAME SPECIAL No. 2

1 Rose Unique } **All 4 for \$1.10**
1 Silvermine

← VINCA MINOR

We consider this the best all-purpose ground cover. Perhaps you have a place under a tree where grass does not do well. Vinca Minor will thrive there, forming a thick carpet of rich green all summer and winter, with blue flowers in early spring and scattering through the summer. Or if you have trouble keeping grass on a bank, plant Vinca Minor. For quick effect, plant 15 to 18 inches apart, otherwise plant 2 feet apart.

**Each 20c, 7 for \$1.00
18 for \$2.00**

Inter-State Tritomas

Flowers are almost 3 times as large as pictured below. These are new hybrids which are much harder than the old Tritoma (Red Hot Poker). The lovely flowers are produced freely from July until frost on graceful stems 3 to 4 feet tall.

Orange Glow—glowing orange. **Each 50c.**

Sunset—upper part is orange-scarlet, lower part bright yellow. **Each 50c.**

Goldmine—rich golden yellow. **Each 50c.**

Mixed Colors—Each 40c, 3 for \$1.00.

**1 Each of Orange
Glow, Sunset and
Goldmine, all 3 for
\$1.25**

TRITOMAS

SCARLET BEAUTY→

Patent No. 440

The flowers (pictured actual size) are so beautiful, a glowing crimson-scarlet with a royal purple pendant. They are produced freely from early summer until frost, an established 2-year old plant actually producing over 5000 blooms in a season. They are hardy, having been tested for 11 years and standing 15 to 18 below zero. The plants prefer partial shade where they will be protected from hot afternoon sun. As they start blooming so early, we advise planting early.

Each 65c, 3 for \$1.50

**All Plants on This Page
Are Postpaid.**

Nine Magnificent New Gladiolus with flowers 5 to 6 inches across on stems 3 to 4 feet tall. Not so long ago, just a single bulb cost 50c each.

INTER-STATE is famous for "GOOD GLADS"

Glad bulbs come in 6 sizes:

Large

No. 1—1½ inches and up
No. 2—1¼ to 1½ inches

Medium

No. 3—1 to 1¼ inches
No. 4—¾ to 1 inch

Small

No. 5—½ to ¾ inch
No. 6—¼ to ½ inch

WE SELL ONLY No. 1, 2, 3 sizes.

Our Collections come in 3 sizes:

LARGE SIZE contains half No. 1 and half No. 2.

ASSORTED SIZE contains ½ each No. 1, 2 and 3.

MEDIUM SIZE contains all No. 3 (most firms also include No. 4)

Bulbs sold by many firms as BLOOMING SIZE are the No. 4 size (we do not sell bulbs this small). Bulbs generally sold as LARGE are only the No. 2 size. But Inter-State's Large Size are half No. 1 and half No. 2.

No. 1 bulbs bloom first, followed in several days by No. 2 bulbs which produce almost as large a spike of flowers as the No. 1. No. 3 bulbs bloom several days after No. 2 and the individual flowers are just as large but not quite as many of them on a spike. We recommend planting the ASSORTED SIZE as this gives you flowers OVER THE LONGEST PERIOD.

Sunshine COLLECTION

This collection contains every variety pictured and described on pages 63, 64 and 65. Exactly the same fine Glads and same fine bulbs, but not labeled. What gloriously beautiful flowers, of all colors, they will bring this summer! We have thousands of letters praising this collection.

GAY COLORS FOR YOUR FLOWER GARDEN

Guarantee

We absolutely guarantee Inter-State seeds to be of the highest quality and to grow in your garden. Otherwise we will replace them Free. Our seeds are fresh, new crop and thoroughly tested. You will also find a very liberal amount in every packet, with complete planting instructions.

You will enjoy a more beautiful flower garden this year from Inter-State's improved flower strains, your assurance of a brighter, more colorful and very delightful garden. **FIGURE FOLLOWING NAME** gives average height in inches of plant when in bloom. **ALL SEEDS POSTPAID.**

101 Abronia, Sand Verbena (6)—A trailing rock garden annual with verberna-like heads. Fragrant flowers in late summer and fall.

102 Aconitum, Giant Flowered Hybrids (20)—Graceful, daisy-like flowers of rose and white. Blooms early. One of the finest everlastings when cut in the bud and dried.

103 African Daisy, Hybrids Mixed (15)—Compact, bushy plants with white, orange, gold and salmon blossoms from July to October. Very colorful, and fine for cutting.

104 African Daisy, Blue Eyed Arctotis (36)—The pearly-white flowers have a delicate mauve center. Easily grown and excellent for cutting.

105 Ageratum, Little Blue Star (6)—The profusion of lavender blue flowers makes this free flowering annual attractive for borders, edging, and rockery. A quick growing annual.

106 Alyssum, Little Gem (6-8)—The profusion of blooms makes a colorful edging as white as snow. Easily grown. Pkt. 10c, ¼ oz. 20c.

107 Alyssum, Procumbens, Carpet of Snow (4)—The dwarf, white, edging plant that is so desirable. Blooms all summer and fall. Each plant is a compact mass of snow-white blossoms giving a beautiful carpet of color. Pkt. 10c, ¼ Oz. 25c.

108 Amaranthus, Joseph's Coat (30)—Ornamental foliage in combinations of bronze, green, bright scarlet and gold. Likes hot sun.

109 Anchusa, Blue Bird (18)—Large, vivid indigo-blue flowers in bloom all summer. Makes brilliant beds and borders.

110 Annual Back Garden Mixture (15)—The variety of blooms in this colorful mixture is marvelous. Pkt. 10c, ¼ Oz. 25c.

111 Annual Flowers for the Children—Our special mixture of choice annuals to give them thrills and make their gardening a joy.

Wilt Resistant Asters—If you have had any trouble raising asters, try our Wilt Resistant Strains. They are much more vigorous and productive, giving an abundance of cut flowers. We offer only the Wilt Resistant Strains as they have proven the most satisfactory.

112 Aster, Giant Crego Mixed, Wilt Resistant (27)—Large, double flowers with curled and twisted petals. Blooms from July until frost.

113 Aster, Giant Crego Crimson, Wilt Resistant.

114 Aster, Giant Crego White, Wilt Resistant.

115 Aster, Giant Crego Purple, Wilt Resistant.

116 Aster, Giant Branching Mixed, Wilt Resistant (30)—Their branching habit and vigorous growth give a profusion of bloom and vivid colors. Very double.

117 Aster, Double Mixed, Wilt Resistant (30)—Our mixture of many double varieties gives a lovely variety of colors for home gardens and cutting.

118 Bachelor Button (20)—An abundance of double, colorful flowers from July until frost. Fine for cutting. Your choice of colors. Blue, Pink, White, Red, or Mixed.

119 Bachelor Button, Jubilee Gem (12)—A dwarf, compact plant of bright green. A delightful background for the double, dark blue flowers.

120 Balsam, Lady's Slipper, Finest Mixed (24)—An old favorite with many brilliantly colored, showy flowers. Free-blooming.

121 Brachycome, Swan River Daisy (12)—Dainty blue, white, and pink blooms resembling small cinerarias. Very free-flowering.

122 Browallia (10)—Compact plants, a profusion of blue and white flowers.

123 Calendula, Sunshine (18)—The large, buttercup-yellow flowers bloom over a long period and are excellent for cutting.

124 Calendula, Campfire (24)—The large, dark orange flowers with a scarlet sheen are very attractive. A greatly improved strain.

125 Calendula, Finest Double Mixed (18)—The old fashioned, free-flowering Pot Marigold of yellow and orange. Especially lovely in late fall.

126 Calliopsis, Finest Mixed (15)—Blooms throughout the summer. Beautiful color variations of yellow, orange, brown and maroon.

127 Campanula, Cup and Saucer, Canterbury Bell (20)—An easily grown biennial that gives a profusion of blue, rose, and white flowers.

128 Candytuft, Umb. Hybrids (6)—The crimson, flesh, lilac, rose, and white flowers are very showy for mass planting. A superior strain.

129 Canterbury Bell, Annual Mixed (24)—Blue, pink, rose, violet, and white flowers in late summer and autumn. A fine border flower.

130 Carnation, Chabaud's Giant Imp. (16)—Our most popular early flowering clove-scented carnation. The robust, long-stemmed plants give continuous bloom.

131 Castor Bean, Ricinus (120)—A tall-growing background plant with ornamental foliage. Useful for screening alleys and unsightly places.

132 Centaurea, Dusty Miller (16)—Attractive, finely cut foliage of silvery-gray color.

133 Chinese Wallflower (24)—Crimson and rose flowers on compact, pyramidal plants.

134 Clarkia, Double Mixed (24)—The pink, carmine, orange, rose, and scarlet flowers are abundant from July to October.

135 Cockscomb, Celosia Plumosa (30)—The crimson, scarlet and yellow plumes brighten the garden from midsummer until frost.

136 Cockscomb, Celosia Cristata (30)—The beautiful velvety-red heads of this old fashioned celosia add color to the garden.

137 Coix, Job's Tears (36)—A curious, ornamental grass.

138 Colous, Giant Hybrids (20)—An attractive foliage plant in shades of yellow, copper and red.

139 Cosmos, Sensation Mixed (45)—Immense pink and white blooms are truly a sensation, and are a great favorite for cutting.

140 Cosmos, Orange Flare (36)—Vivid orange flowers are produced freely on long, wiry stems all summer and fall.

141 Cosmos, Mam. Ex. Flowering Mixed (48)—The large, single flowers of red, pink, and white make a lovely showing from midsummer until frost. Pkt. 10c, 1/4 Oz. 15c.

142 Cuphea, Firefly (12)—The flowers are delicately formed, a fiery cerise red in color, and are freely produced. Easily grown.

143 Cynoglossum, Firmament (15)—This new dwarf Chinese Forget-me-not is a beautiful, soft blue. Fine for cutting.

144 Dianthus, Splendens (8)—Sweetly scented, single flowers with a vivid contrasting large white eye make this very striking. Neat, compact, and produces thousands of showy flowers all season.

145 Dianthus, Pinks, Heddewig Dbl. Mix. (12)—The freely-produced flowers of crimson, purple, pink, and white are fine for cutting.

146 Didiscus, Blue Lace Flower (18)—A charming blue and lavender flower that is desirable for cutting and bedding.

147 Dwarf Cup Flower (4)—Lovely lavender-blue flowers are brightened by a touch of yellow in center. Ideal for edging, window box or flower pot.

148 Four O'Clocks, Marvel of Peru (24)—Flowers of red, yellow, lilac and white. The glossy foliage and profuse bloom make it an attractive border plant from July until frost. Pkt. 10c, 1 Oz. 15c.

149 Foxglove, Digitalis (24-36)—A biennial that gives brilliant garden color. Tall spikes, very ornamental.

150 Gaillardia, Annual Blanket Flower (18)—Rich blends of red, orange, and gold to brighten the annual garden. Your choice, single mixed or double mixed.

151 Geranium, Zonale Fixed Mixed—An interesting plant to grow from seed, producing blooming plants the first summer. Attractive foliage.

152 Gomphrena, Globe Anaranada (18)—Clover-like flowers of red, pink, and white appear from midsummer until late fall. A very useful everlasting.

153 Godetia, Tall Double Mixed (20)—A richly colored, hardy annual with gladiola-like flowers. Fine for cutting.

154 Gypsophila, Annual Baby's Breath (15)—This improved London Market strain gives an abundance of large, pure white flowers. Make several plantings for continuous bloom.

155 Hunnemannia, Sunflite (15)—The golden yellow, semi-double flowers set in a sea-green feathery foliage make this Tulip Poppy very desirable.

156 Kochia, Mexican Fire Bush (30)—Moss-like, clear green foliage turns bronze-red in the fall. A favorite for home garden hedges.

157 Lantana, Hybrida Mixed—The verbena-like flowers may be grown in pots or in the garden. The late autumn bloom gives welcome beauty.

158 Larkspur, Annual Mixed (30)—One of the finest annuals, ideal for both garden color and cutting. Gives a more continuous bloom if the faded blossoms are cut off. Pkt. 10c, 1/4 Oz. 20c.

159 Larkspur, Rosamond (15)—Deep rose, double flowers in bloom two weeks earlier than most other varieties. Adds color to the garden.

Larkspur, Giant Imperial (30)—An ideal type for cutting with long flower stems, branching from the base. Your choice of the following. Pkt. 10c, 1/4 Oz. 30c.

160A Blue Spire—Deep blue.

160B Carmine King—Carmine rose.

160C Lilac Spire—Clear lilac.

160D White King—Pure white.

160E All Colors Mixed.

161 Linaria, Fairy Bouquet (8)—Distinctive, snapdragon-like flowers of rose, yellow, pink, lavender, etc.

162 Lobelia, Crystal Palace (6)—The rich, deep-blue blossoms make this a desirable annual. Fine for edgings and garden decorations.

163 Marigold, Burpee Gold (30)—Gives an abundance of glorious deep orange double blooms, 3 1/4 inches across. The long petals are loosely and artistically arranged. Blooms very early and entirely odorless.

164 Marigold, Fr. Dwf. Mammoth Strain (12)—Double flowers in combinations of orange, bronze, yellow and mahogany come in compact plants. Free-flowering.

165 Marigold, New Extra Early Hybrida (18)—The earliest of all the African type marigolds. A color range from bright orange to clear lemon on base branching plants producing a mass of color. An entirely new type Marigold.

166 Marigold, All-Double Harmony (15)—Charming, scabiosa-like flowers with deep orange center petals flanked by wide, dark maroon-brown petals. Very free-flowering, especially in dry weather.

167 Marigold, Giant African Double (30)—Produces an abundance of enormous blooms in yellow, brown and orange all summer and fall. Easy to grow.

168 Marigold, Little Giant (8)—A free flowering, border type Marigold, ideal for edging. The neat, dwarf plants produce an abundance of dainty, glowing-orange flowers.

169 Marigold, Guinea Gold (24)—Carnation-like flowers of brilliant orange are flushed with gold. Blooms abundantly from midsummer until frost.

170 Marigold, Yellow Supreme (30)—Creamy yellow blossoms of the carnation flowered type.

171 Mignonette, Machel (12)—The delightfully fragrant flowers are useful for cutting and combining in bouquets.

Nasturtiums thrive in poor, sandy soil giving a cheerful color display from July until frost.

172 Nasturtium, Dwarf Mixed (18)—The most popular dwarf annual, easy to grow in poor soil, and blooms for weeks. In rich colors, fine for beds and borders. Pkt. 10c, 1 Oz. 15c.

173 Nasturtium, Tall Mixed—A choice mixture of all the newer and more colorful types.

174 Nasturtium, Double Golden Glean—Fragrant, golden yellow flowers. An original Gold Medal Winner, and still one of the most widely planted of all new flowers. Pkt. 10c, 1 Oz. 15c.

175 Nasturtium, Dbl. Glorious Glean Hybrids—Large, double, sweet-scented blooms in striking colors. Pkt. 10c, 1 Oz. 15c.

176 Nasturtium, Double Scarlet Glean—The fiery, orange-scarlet flowers are sweet-scented and long stemmed. Pkt. 10c, 1 Oz. 15c.

177 Nasturtium, Double Glean Golden Globe—Like Golden Glean, but on a more compact plant. Sweetly scented. Pkt. 10c, 1 Oz. 25c.

178 Nasturtium, Indian Chief—A new variety of Double Nasturtium with vivid scarlet flowers and dark foliage. The sweetly-scented blooms are very freely produced.

179 Nicotiana, Sweet Scented Tobacco (30)—Stately plants, with large trumpet shaped blooms resembling petunias. From midsummer until frost the pink, red, and white flowers give evening fragrance.

180 Nicotiana, Crimson Buddha (15)—One of the most fragrant and easiest annuals to grow. Petunia-like blooms. Very fragrant.

181 Nigella, Love-in-a-mist, Mim Jekyll (15)—Large, cornflower blue blossoms set in a mist of fern-like foliage. Very interesting.

182 Painted Daisies, Finest Mixed (18)—The annual Chrysanthemum is easily grown and loved by all. Early blooms, choice colors.

183 Pansy, Giant Superb Mixed (6)—A large flowering strain in a beautiful color range.

184 Petunia, Topaz Rose (12)—Years of selecting have produced in this Petunia a brilliancy of color seldom seen—a velvety rose that will neither fade nor burn under the hottest sun. A Bronze Medal Winner in the All-American Selections.

185 Petunia, Martha Washington (8)—The ball shaped plant is literally covered with ruffled flowers of bluish pink with wine-red veins leading to the throat of dark violet.

186 Petunia, New Rose Gem (6)—A dwarf, compact plant covered all summer with lovely, deep rose flowers. Fine for beds and edging.

188 Purple.

189 Rose of Heaven (soft rose).

190 Flaming Virent.

191 California Giants Mixed.

192 Balcony Blue

193 Balcony Rose.

194 Balcony White.

195 Balcony Mixed.

196 Phlox, Drummond Annual MIX. (12)—One of the easiest grown and most satisfactory of all flowers. Our special strain with its rich variety of clear, vivid colors will delight you. Profuse bloom, even in hot weather. Pkt. 10c, 1/4 Oz. 20c, 1/2 Oz. 35c.

197 Phlox, Red and White Eye.

198 Phlox, Purple (violet purple).

199 Phlox, Yellow (primrose).

200 Phlox, Pink (deep rose).

201 Phlox, White (pure white). Above Annual Phlox, Your Choice. Pkt. 10c, 1/4 Oz. 25c, 1/2 Oz. 45c.

202 Phlox, Rainbow Gigantea (9)—Soft art shades and delightful combinations. Large 1 to 1 1/2-inch flowers in abundance all summer and fall. Pkt. 10c, 1/4 Oz. 30c.

203 Phlox, Starred and Fringed (12)—The fringed and cut blossoms in many colors look almost like twinkling stars. Pkt. 10c, 1/4 Oz. 30c.

204 Poppies, Giant Dbl. Mixed (36)—The mammoth carnation-flowered poppies give double fringed flowers in many shades.

205 Poppies, Eschscholtzia, Calif. Mixed (12)—A free blooming annual rich in crimson, pink, and orange-scarlet shades. Very showy.

206 Poppies, American Legion (20)—Brilliant Scarlet, satiny flowers with a white maltese cross.

207 Poppies, Shirley Fl. Mixed (20)—Satiny textured flowers in a pleasing variety of colors. Sow early where they are to bloom.

208 Portulaca, Single Mixed (4)—Brilliantly colored blooms until frost. Like a hot sunny place.

209 Portulaca, Rose Moss, Dbl. Mixed (4)—Our unsurpassed, choice doubles. Delicate green foliage simply covered all season with bright colored flowers. The flowers resemble small roses and in dry weather are at their best.

210 Rudbeckia, Kelvedon Star (36)—An interesting flower with dark brown central discs and deep orange petals. Start early for best results.

211 Salpiglossis, Giant Trumpet Flower (27)—Petunia shaped blooms with good veined petals of a deep, rich color in many combinations come in profusion until frost. Likes full sun.

212 Salvia, America, Globe of Fire (24)—The most uniform continuous bloomer of all scarlet sages. Brilliant flowers, fine for borders.

213 Salvia, Farinacea, Blue Bedder (36)—Sturdy plants with tall spikes of lovely blue flowers. Fine for background, beds and borders.

Scabiosa, Mourning Bride (30)—Their long stems and welcome colors make this flower very welcome for cutting. Keeps well in water and does unusually well if started early. Very easily grown.

214 Finest Mixed (lovely colors)

215 Black Prince (purple).

216 Blue Cockade (deep blue).

217 Ageratum Blue (soft blue).

218 Peach Blossom (peach pink).

219 Loveliness (Salmon Rose).

220 Orchid Shades (new).

221 Shasta Improved (white).

222 Yellow (sulphur yellow).

SCABIOSA GARDEN OFFER—1 Pkt. each color No. 215 to No. 222. 8 Full Size Packets only 40c.

223 Snow on the Mountain (24)—Euphorbia is one of the showiest ornamental foliage plants.

224 Stocks, Large Flowering Double Mixed (12)—Give rich soil for large blooms in a wonderful color range. Start early for best results.

225 Snapdragon, New Calif. Rustproof (24)—The finest color range of all the Rust Resistant Mixtures. Beautiful in beds and fine for cutting.

226 Snapdragon, Finest Mixed (20)—Our choice, long stemmed types. Choice color combinations. Fine for cutting.

227 Statice, Giant Sinuata, Finest Mixed (30)—An interesting flower in the border and one of the finest everlasting. Retains its true color when dried.

228 Strawflowers, Everlastings Fl. Mixed (20)—Our own collection of many kinds especially selected for your winter and decorative bouquets.

229 Strawflower, Helichrysum Fl. Mix. (24-30)—A garden ornament that is highly prized for decorative bouquets. To dry, pick flowers when partially open and hang heads down in a cool place.

230 Sunflower, Mammoth Russian (120)—The attractive large heads make a feeding table for birds in late summer and fall.

231 Sweet Peas, Shirley Temple—Soft rose pink blooms of the most lovely color are sweetest perfumed of all the new sweet peas.

232 Sweet Peas, Delicious—A lovely, delightful color reminding one of crushed strawberries and cream blended together in a delicious combination.

233 Sweet Peas, Spencer Mixed—The flower that everybody loves. A choice variety of colors. Pkt. 10c, 1 Oz. 50c.

SWEET PEAS, Early Large Flwg. Spencers—The large, waved, spencer type flowers that bloom fully one month earlier and over a much longer period than the old type. Gives an abundance of lovely cut flowers. Plant as early as possible for best results.

234 Finest Mixed.

235 Blue Bonnet.

236 Red Bird.

237 Orange King.

238 White.

239 Maroon.

240 Lavender.

241 Radiance.

Your choice above Early Large Flowering Spencer Sweet Peas. Pkt. 10c, 1 Oz. 30c, 2 Oz. 50c.

DECORATIVE ANNUAL VINES

285 Balloon Vine, Love-in-a-Puff—A clean vine with a delicate bloom and large, round, inflated seed pods resembling small balloons.

286 Bean, Scarlet Runner—A strong, quick growing vine with bright scarlet flowers. Becoming very popular.

287 Cardinal Climber, Ipomea Hyb.—A mass of fiery red flowers from midsummer until frost. Everybody admires this strong and rapid growing annual vine.

288 Cypress Vine, Ipomea—A graceful climber with fern-like foliage and a profusion of red and white blooms all summer and fall.

289 Gourds, Ornamental Mixed—This special mixture of the large and small ornamental varieties is very interesting. Pkt. 10c, 1 Oz. 20c.

290 Ipomea, White Moonflower—The waxy white blooms give the fall evenings a fragrant loveliness.

291 Morning Glory, Giant Japanese Mixed—Large flowers and gay colors that you will enjoy. Like poor soil and full sun.

292 Morning Glory, Imp. Heavenly Blue—Clarke's Strain. The large, lovely, true-blue flowers with a lighter throat give a mass of beauty. Fine for trellis or arches. A coarse gravelly soil and a southern exposure gives an abundance of morning bloom until frost.

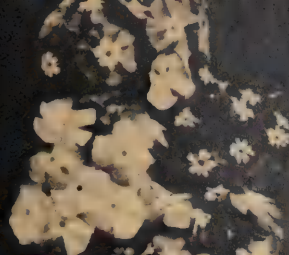

Above Annual Vines priced the same as all other flowers on pages 66, 67, 68, and 69.

SPECIAL OFFER

1 Pkt. each of all Annual Vines above. 8 Full Packets, 40c (regular 80c value).

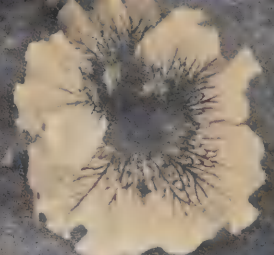

NASTURTIUM, Golden

PHLOX, Drummondii Mixed

ZINNIA, Gold Medal Dahlia Flowered

PETUNIA, Calif. Giants

242 Sweet Sultan, Centaurea Mix. (30)—The Giant Imperialis gives fragrant, graceful flowers in an exquisite color range of rose, lavender, lilac, etc. Long stems, fine for cutting.

243 Sweet William, Single Mixed (18)—Pink, crimson, scarlet and white blooms in early spring. A favorite of the flower lover.

244 Torenia, Wishbone Flower (12)—Light blue flowers, fine for window boxes, borders, and bedding and useful in rock gardens.

245 Verbena, Meteor (10)—The flaming red blooms with a bold white eye are unusually attractive.

246 Verbena, Hybrida Comp. Mixed (6)—The neat, continuous blooming, compact plant makes this desirable for bedding.

247 Verbena, Beauty of Oxford (8)—Large, soft rose colored blooms with some tinged salmon.

248 Verbena, Mammoth Mixed (10)—Fine for borders, beds, porch boxes, and among tall growing plants like Lilies. Many vividly colored flowers all summer and fall.

249 Vinca, Rosa Mixed (15)—Glossy dark green foliage with a profusion of white and pink flowers. Makes colorful fall borders.

250 Zinnia, California Giants (36)—A graceful zinnia in a wide color range. Grows everywhere and stands any kind of weather. Pkt. 10c, 1/4 oz. 35c.

Zinnia, Gold Medal Dahlia Flowered (30)—Immense dahlia-like flowers with petals that seem to be piled one upon the other. Large flowers in choice, very attractive colors.

251 Finest Mixed (dahlia type).

252 Canary Bird (rich yellow).

253 Crimson Monarch (crimson).

254 Exquisite (light rose).

255 Polar Bear (creamy white).

256 Scarlet Flame (scarlet).
Above Dahlia Flowered Zinnias—Pkt. 10c, 1/4 Oz. 35c.

ZINNIA GARDEN OFFER—1 Pkt. each Nos. 252 to 256. 5 Full Packets 25c (regular 50c value).

257 Zinnia, Pompom or Lilliput (24)—The rich, bright colors make this baby zinnia very popular. An abundance of bloom from early summer until late fall.

258 Zinnia, Red Riding Hood (16)—Compact plants literally covered with double scarlet flowers. Lilliput type, fine for borders.

259 Zinnia, Lilliput Tom Thumb (6-10)—Tiny plants with an abundance of dainty flowers. Thin out tall growing plants for a more uniform height.

260 Zinnia, Linearis (10)—Single flowers are a lovely shade of golden orange. One of the most interesting of the newer zinnias.

261 Zinnia, Maageana (12)—These Mexican Zinnias have a charm all their own. Fine for bedding, with dainty blooms in attractive colors.

262 Zinnia, Fantasy (24)—One of the new flowers with lacy petals in the delicate shades of red, yellow, orange, pink, and cream. More widely planted each season.

263 Zinnia, Fantasy Orange Lady (24)—Shaggy, gay flowers in a rich shade of deep bright orange. Make a colorful spot in the garden and are very desirable for cutting.

264 Zinnia, Fantasy Rosalie (24)—A bright, intense rose equally lovely in the garden or when cut. Plants are neat in habit and very free flowering.

265 Zinnia, Fantasy White Light (24)—As near a pure white as any Zinnia yet developed and a 1939 All-America winner. The informal flowers are lovely in arrangements.

266 Zinnia, Fantasy Star Dust (24)—A lovely, golden yellow flower fine for cutting. A silver medal winner in the All-America selections. Free blooming and colorful.

Zinnia, Cupid (12)—The Cupid type zinnias are very desirable because they are so useful in miniature vases. Compact plants a mass of color all summer and fall.

267 Cupid Tiny Tim (glowing scarlet).

268 Cupid Fide (bright yellow).

269 Cupid Snowdrop (clear white).

270 Zinnia, Super Crown O'Gold, Pastel-Tints (36)—Very large flowering with each petal of the flower a golden yellow at the base and the individual color at the tip. Pastel shades.

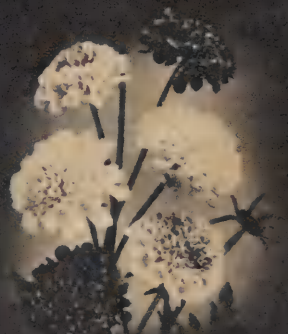

271 Zinnia, Lilliput Pastel Mixed (20)—A neat, compact plant with soft, pastel shaded blooms. Very desirable for cutting.

SALPIGLOSSIS, Giant Trumpet Flower

SALVIA, Globe of Fire

SCABIOSA, Mourning Bride

ZINNIA, Lilliput Mixed

PERENNIAL SEEDS GIVE PERMANENT GARDEN BEAUTY

275 Alyssum, Saxatile (9)—An early flowering, brilliant golden yellow border and rock garden plant.

276 Columbine, Crimson Star (18)—An Aquilegia with long spurs of deep coppery-crimson and white petals. A perennial with unique color combinations.

277—Columbine, Inter-State's Hybrids Mixed (30)—The finest long-spurred columbine with colors so rich and beautiful. A far superior strain and one you can enjoy year after year.

278 Coreopsis, Dbl. Sunburst (24)—Large deep-yellow flowers on long graceful stems. If sown early will flower the first year.

279 Gaillardia, The Dazzler (24)—Bright yellow flowers with an intense crimson center. A perennial, fine for cutting and garden display.

280 Golden Bedder, Chrysanthus (12)—A neat growing hardy perennial that blooms the first year from seed. A lovely shade of golden yellow fine for rockery and edging.

281 Hollyhocks, Dbl. Mixed (72)—Chater's choice strain, large double flowers of rose, maroon, pink, yellow, etc. A perennial.

282 Iceland Poppy, Imperial Jewels Mixed (20)—Beautifully frilled flowers and color tones almost limitless. A perennial on strong wiry stems and usually blooms the first year from seed.

283 Sweet Pea, Everlasting Mixed—The perennial Sweet Pea with the wax-like bloom. Remove seed pods for a more continuous bloom.

Above Perennial Seeds priced same as all other flower seeds on pages 66, 67, 68, and 69.

LOVELY NEW FLOWERS—AMERICA'S FINEST—FOR YOUR GARDEN

**AGERATUM,
Midget Blue**

PETUNIA, Betsy Ross

**CALLIOPSIS,
Golden Crown**

**ZINNIA,
Early Wonder Padre**

299 Ageratum, Midget Blue (3)—The fine foliage of this choice Dwarf Ageratum is practically smothered with true Ageratum Blue Flowers. Awarded a Silver Medal in the All-America Trials. Pkt. 20c.

301 Balsam, Bush Flowered Mix. (15)—A free-flowering double balsam with the flower clusters on top of stems, making it excellent for bedding. The soft colored blooms resemble small roses. Pkt. 15c.

302 Calliopsis, Golden Crown (12)—A Silver Medal Winner in the 1938 All-America selections and one of the finest new flowers. Attractive, golden yellow flowers with a maroon center. Pkt. 10c.

303 Dahlia, New Dwarf Hybrids (20)—This new strain of Dahlias is selected to give a higher percentage of true doubles and a much wider range of colors than the original. Pkt. 15c.

304 Larkspur, Rosalind (40)—A new color in Larkspur, rose with just enough salmon to create a most pleasing shade of rose-pink. Base branching, practically non-shattering, excellent for cutting. Pkt. 15c.

305 Marigold, Spotlight (12)—A brighter, more colorful flower than the popular Harmony Marigold. The scabiosa-like crested centers of lively yellow contrast strikingly with the mahogany-red guard petals. Adds more color to the late summer garden than any other flower. Pkt. 15c.

306 Morning Glory, Scarlett O'Hara—The All-America GOLD MEDAL Winner that has created so much interest. The rich, wine-red flowers of good size are freely produced and last longer than other varieties. Pkt. 15c.

307 Morning Glory, Cornell—A new, annual climber with flowers of intense red with pure white border, as large in size as Heavenly Blue. Makes a rapid growth. Pkt. 10c.

308 Pansy, Super Swiss Giants (6)—For size, color, and free blooming qualities this garden favorite is unsurpassed. Compact plants, gorgeous bloom. Pkt. 20c.

309 Petunia, Hollywood Star (12)—This unique Petunia in the form of a five-pointed star is a charming shade of rich rose with an amber throat. A fine garden variety because it is so early, free-blooming and vigorous. A Silver Medal Winner in the All-America Selections. Pkt. 15c.

310 Petunia, Theodosia (10)—Large, fringed, rose-pink flowers with a clear golden throat that look almost double. Pkt. 20c.

**PETUNIA, Super Fluffy
Ruffles**

311 Petunia, Radiance (10)—A new petunia with more rich brilliance and life in the color than in any petunia we know of. A beautiful cerise rose with a golden yellow throat which adds life to the general color. A neat, floriferous, uniform plant. A 1941 Silver Medal Winner, given a Gold Medal Rating by several judges. Pkt. 25c.

312 Petunia, Glow (10)—A lovely new petunia with intense, bright rose-red flowers. Makes a neat, compact ball shaped plant and blooms very freely. Pkt. 25c.

313 Petunia, Super Fluffy Ruffles (12)—A new strain of ruffled petunia so ruffled and frilled that they appear double. The large flowers with full throats and beautiful color variations are lovely beyond imagination. Pkt. 25c.

314 Petunia, Betsy Ross (6)—A delightful color combination of red and white gives this flower a decidedly gay effect. Compact, uniform plants are completely covered with the ruffled blooms. Pkt. 15c.

315 Scabiosa, Imp. Giants Blue Moon (36)—An entirely new type of Scabiosa with broad, wavy petals of a rich deep lavender blue. The long, wiry stems make it ideal for cutting. An Honorable Mention Winner. Pkt. 15c.

316 Scabiosa, Giant Rosette (36)—A glorious new Scabiosa color, a deep, lovely rose, with extra large flowers on long stems which are fine for cutting. You will welcome this glowing, new color. Pkt. 15c.

Sweet Peas, New Spring Flowering—The greatest flower introduction of recent years, an entirely new strain of Sweet Peas especially fine because they stand lots of hot weather. Vigorous, bloom over a long period of time, and fine for amateurs. Will give an abundance of lovely blooms. Your choice of the following colors.

317 Pink—Pkt. 25c.

318 Lavender—Pkt. 25c.

319 Blue—Pkt. 25c.

320 Mixed—Pkt. 25c.

321—Special Offer 1 packet Blue, 1 Pink, 1 Lavender. 3 Full size packets for 50c.

322 Zinnia, Gaillardia Flwd. or Navajo (24)—Attractive, medium-sized flowers in a color range that runs through the mellow tones of rose, pink, bronze, yellow, orange, lavender into two-tone, and attractive combinations. Pkt. 10c.

323 Zinnia, Early Wonder Padre (15)—The most free-flowering and colorful annual during early summer. The bright, dazzling scarlet flowers of medium size are profusely produced and are fine for cutting. Pkt. 15c.

**MORNING GLORY,
Cornell**

CABBAGE

414 Early Flat Dutch—An early and unusually fine large, flat headed type. Fine quality, 5 to 6 pound heads. Keeps well. Pkt. 8c, ½ Oz. 15c, 1 Oz. 25c.

435 Danish Ballhead—Our most popular late cabbage with round compact heads. Pure white, crisp, tender, delicious and fine for kraut. Pkt. 8c, ½ Oz. 15c, 1 Oz. 25c.

436 Early Jersey Wakefield—An early variety with cone shaped heads. Compact, small plants. Pkt. 8c, ½ Oz. 12c, 1 Oz. 20c.

437 Golden Acre—An extra early garden variety with round, firm heads. Resists bursting and most generally planted of all varieties. Pkt. 8c, ½ Oz. 15c, 1 Oz. 25c.

438 Marion Market—A yellows resistant strain of Copenhagen Market. A sure heading, main crop variety. Pkt. 8c, ½ Oz. 15c, 1 Oz. 25c.

439 Premium Late Flat Dutch—The most popular large, flat headed winter cabbage. Fine quality, solid, good keeper and fine for kraut. Pkt. 8c, ½ Oz. 12c, 1 Oz. 20c.

440 Penn State Ballhead—A very solid, uniform, and heavy producing new strain selected by the Pennsylvania State College. A fine storage variety. Pkt. 8c, ½ Oz. 20c, 1 Oz. 35c.

441 Chinese Cabbage, Pe Tsai—Very compact, crisp and sweet, early and sure heading. Pkt. 8c, ½ Oz. 20c.

442 Red Rock—The purplish-red heads are round, solid and make attractive salads. Pkt. 8c, ½ Oz. 20c.

SWEET CORN

443 Silver Cross Bantam—One of the best outstanding new hybrids with 8 to 10 inch ears of unsurpassed flavor. A noted College Research Hybridist declares this the tenderest corn he has ever eaten. Large 3 Oz. Pkt. 15c, ½ Lb. 25c, 1 Lb. 45c.

444 Ioana—The finest new yellow hybrid corn and awarded a Bronze Medal in the All-America Selections. Very sweet, tender and of excellent quality. The 8 inch, 12 rowed ears are filled with medium narrow, light yellow kernels. Large 3 Oz. Pkt. 15c, ½ Lb. 25c, 1 Lb. 45c.

445 Golden Cross Bantam—Bright yellow, 12-rowed corn with 8 inch ears. A proven hybrid a few days later than Golden Bantam but 2 or 3 times as productive. Attractive, tasty ears. Large 3 Oz. Pkt. 10c, ½ Lb. 20c, 1 Lb. 35c.

446 Tendergold—The quality of this hybrid is hard to equal. Matures a few days earlier than golden bantam and much more productive. We know it will please you. Large 3 Oz. Pkt. 10c, ½ Lb. 20c, 1 Lb. 35c.

447 Golden Bantam—The most generally planted yellow sweet corn. Very early, small ears, tender and sweet. Large 3 Oz. Pkt. 10c, ½ Lb. 15c, 1 Lb. 25c.

448 Country Gentleman—The late white corn with long, deep grained kernels irregularly arranged. Large ears. Large 3 Oz. Pkt. 10c, ½ Lb. 15c, 1 Lb. 25c.

449 Stowell's Evergreen—The standard main crop white sweet corn. Large ears, sweet, and stay tender a long time. Especially fine for canning. Large 3 Oz. Pkt. 10c, ½ Lb. 15c, 1 Lb. 25c.

450 Pop Corn, Japanese Hull-less—Large 3 Oz. Pkt. 10c, ½ Lb. 20c.

451 Pop Corn, South American—Large 3 Oz. Pkt. 10c, ½ Lb. 20c.

CUCUMBERS

452 Chicago Pickle—The small, most generally used pickling cucumber. Very prolific. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

453 Improved Long Green—The best all-purpose cucumber, fine for slicing and pickles and does well everywhere. Solid white, crisp flesh. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 40c.

454 Select National Pickling—A very productive variety that is fast gaining in popularity. A uniform size and color, as firm after pickling as before. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

455 Colorado—One of the finest for market and home gardens. Fruit very dark green with small seed pocket. You will relish its crispness. Pkt. 8c, 1 Oz. 20c, ¼ Lb. 50c.

456 Straight Eight—A new productive variety with long straight fruits of an ideal dark green. Pkt. 8c, 1 Oz. 20c, ¼ Lb. 50c.

457 Dill—The common dill pickle herb. Pkt. 8c, ½ Oz. 20c.

457A West Indies Gherkin—Small, oval shaped prickly cucumber. A deep green color and fine for pickles. Pkt. 8c, ½ Oz. 15c.

EGG PLANT

458 Black Beauty—The thick, smooth, rich purple fruits are very early. Pkt. 8c, ½ Oz. 20c.

KALE

459 Green Curled—Makes tasty greens for early fall, winter and spring. Pkt. 8c, 1 Oz. 15c.

KOHLRABI

461 Early White—Best for home use with mild, crisp and tender flesh. Dwarf. Pkt. 8c, ½ Oz. 15c.

LETTUCE

462 Black Seeded Simpson—Broad, frilled light green leaves are crisp, tender, and of excellent quality. Most generally planted as it does well everywhere. Very early. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

463 Early Curled Simpson—Large, light green ruffled leaves make this a fine home garden lettuce. Crisp and sweet. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

464 Early Prizehead—An early, non-heading home garden variety. Crumpled, crisp, and tender leaves are tinged brownish red. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

465 Grand Rapids—Large, compact bunches of light green leaves and especially fine grown under glass. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

466 Iceberg—Large, solid heads, white inside, crisp and of fine quality. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

467 Wonderful—An outstanding head lettuce as it stands the heat well and is very early. Large, compact. Pkt. 8c, 1 Oz. 20c.

468A Chicken Lettuce—Gives an abundance of green feed for chickens. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

MUSTARD

469 Giant Southern Curled—Pkt. 8c, 1 Oz. 15c.

469 Improved White—Pkt. 8c, ½ Oz. 15c.

MUSKMELON

470 Hales Best—The thick fine grained flesh is deep salmon and richly flavored. Oval fruits with a heavy netting. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

471 Hearts of Gold—The salmon-orange flesh is very thick and good right out to the rind. Tender, juicy, and very sweet. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

472 Honey Rock—One of the finest for our mid-west home gardens. The size and flavor are ideal. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

473 The Queen of Colorado—An attractive new melon with delicious thick, deep orange flesh and a very distinct flavor. Recommended highly by many Hamburg growers. Pkt. 8c, 1 Oz. 20c, ¼ Lb. 65c.

474 Rocky Ford or Netted Gem—A fine home and market garden melon. Uniform size, nearly round, thick green flesh with a sweet spicy flavor. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 40c.

WATERMELON

475 Northern Sweet—A very early, round melon, thin rind and deep red, crisp flesh. An ideal ice-box melon for home use. Pkt. 8c, 1 Oz. 20c, ¼ Lb. 50c.

476 Dixie Queen—An early, new melon of unusually good quality. Medium size melons, attractive flesh, and very few seeds. A fine home garden melon, also a good shipper. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

477 Imp. Kleckley Sweet—The glossy dark green melons are very popular in local markets and home gardens. Bright red flesh is crisp, tender and very sweet. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 30c, 1 Lb. 75c.

478 Stone Mountain—The large, solid dark green melons are very popular. Ripens medium early and of a very delicious flavor. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c, 1 Lb. 85c.

479 Tom Watson—A fine shipping melon. Very similar to Kleckley's. Brown seed, crisp, sweet flesh. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c, 1 Lb. 75c.

480 Early Kansas Sweet—A large medium early melon used largely by shippers but also fine for home gardens. A tough rind, bright red flesh and reddish-brown seed. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 40c, 1 Lb. 85c.

ONION

481 Large Red Weathersfield—A favorite among the red onions. Flat, solid, very good keeper. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 50c.

482 Giant Yellow Sweet Spanish—A very large, globe shaped onion with a mild, crisp flesh. A good keeper and fine for markets. Pkt. 8c, 1 Oz. 20c, ¼ Lb. 60c.

483 Southport White Globe—Best white onion. Crisp, mild, and snowy-white flesh. Heavy yielding, good keeper. Pkt. 8c, 1 Oz. 20c, ¼ Lb. 60c.

484 Southport Red Globe—Pkt. 5c, 1 Oz. 15c, ¼ Lb. 50c.

485 Yellow Globe Danvers—White flesh, crisp and very fine quality. Firm, solid bulbs fine for storage. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 45c.

486 White Welsh, Bunching—Gives delicate flavored, tendershoots in early spring. Pkt. 8c, ½ Oz. 20c.

PARSNIP

488 Hollow Crown—The best parsnip. Smooth, white skin with rich, tender, sweet flesh. Long, tapering roots. Pkt. 8c, 1 Oz. 10c, ¼ Lb. 35c.

PARSLEY

487 Moss Curled—The most desirable for garnishing and decorative purposes. Dark green, finely cut and curled leaves. Pkt. 8c, 1 Oz. 15c.

PEPPERS

486 California Wonder—Extra thick flesh, juicy, sweet and very mild. Chunky, large, smooth. Pkt. 8c, ½ Oz. 25c.

487 Ruby King—A popular variety for home gardens. Dark green fruits change to ruby red when ripe. Pkt. 8c, ½ Oz. 15c.

488 King of the North—The earliest large sweet pepper. Dark green, thick fruits with mild, sweet flesh. Pkt. 8c, ½ Oz. 20c.

499 Sunnybrook Pimento—Fine for home gardens, excellent flavored. Tomato-shaped smooth fruits. Thick flesh, mild. Pkt. 8c, ½ Oz. 25c.

500 Long Mild Cayenne—Pkt. 8c.

501 Chili—Pkt. 8c.

SALSIFY

502 Mammoth Sandwich Island—A delicious, nutritious vegetable with a decided oyster flavor. Keeps in ground over winter but must be dug before spring growth starts. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 40c.

TOMATOES

514 Earliana—A widely planted extra early. Medium size, bright red. Pkt. 8c, ½ Oz. 15c, 1 Oz. 25c.

515 John Baer—An early variety, with bright scarlet-red, smooth medium sized fruits. A fine early for home gardens. Pkt. 8c, ½ Oz. 20c, 1 Oz. 35c.

516 Giant Ponderosa—Our selected strain produces fruit of immense size and smoother than most others. Few seeds, very solid, fine flavor. Pkt. 8c, ½ Oz. 25c, 1 Oz. 40c.

517 Greater Baltimore—Large, firm smooth tomatoes of deep scarlet red. Extra fine for canning. Pkt. 8c, ½ Oz. 20c, 1 Oz. 35c.

518 New Stone—A fine variety for home gardens and canning. Bright scarlet, smooth and a good yielder. Pkt. 8c, ½ Oz. 15c, 1 Oz. 25c.

519 Marglobe—The large, smooth, deep red tomatoes are fine for canning and slicing. Pkt. 8c, ½ Oz. 20c, 1 Oz. 35c.

520 Oxheart—Very large, almost seedless, solid, and sweetly flavored fruits. Especially fine for slicing. Pkt. 8c, ½ Oz. 40c.

521 White Beauty—A very large, ivory white tomato of the Ponderosa family. It has no acid, thus giving much pleasure to many who cannot eat other kinds. Makes the tomato dish very attractive. Pkt. 8c, ½ Oz. 35c.

522 Red Head—A round, smooth, medium early variety that does unusually well. Firm, bright red flesh, fine for slicing and canning. Pkt. 8c, ½ Oz. 20c, 1 Oz. 35c.

523 Rutgers Certified—Most widely planted of all tomatoes. Deep red, meaty fruits are fine for slicing and canning. Pkt. 8c, ½ Oz. 30c, 1 Oz. 50c.

524 Yellow Pear—Pear shaped preserving tomato. Pkt. 8c, ½ Oz. 30c.

ODD BUT USEFUL VEGETABLES

551 Brussels Sprouts, Long Island.

554 Broccoli, Italian Sprouting.

565 Hunk or Ground Cherry—Makes delicious preserves.

566 Garden Huckleberry—The jet-black fruits make tasty preserves and delicious pies.

567 Collards—for greens.

568 Corn Salad—For salads.

569 Look, American Flag—For soups and stews.

570 Okra, Dwarf Green—Soups.

571 Rutabaga, Purple Top. Your choice of above—Pkt. 8c.

PEANUTS

485 Big Jumbo—Interesting for the children to grow and worthwhile too. Pkt. 8c, ½ Lb. 20c, 1 Lb. 35c.

PEAS

489 Alaska—Earliest of all peas. Smooth seeded. Not as sweet as the wrinkled types but they taste mighty good because they are so early.

491 Fillbasket—One of the earliest large podded peas. Sturdy vines bearing an abundance of dark green pods, filled with good quality peas.

492 American Wonder—A popular early wrinkled pea. A dwarf, good bearer of tender, sweet peas.

493 Alderman—A very productive tall growing pea that must be staked for best results. Big pods filled with choice quality peas.

494 Laxton's Progress—One of the largest podded and most attractive of the Laxtonian family. The large, wrinkled peas are fine for home gardens.

495 Little Marvel—The choice of most home gardeners, because of its quality and productiveness. Dark green pods of plump, wrinkled and tender peas. Medium early.

PRICES ON ALL ABOVE PEAS (your choice, Alike or Assorted): Large 3 Oz. Pkt. 10c, ¼ Lb. 20c, 3 Lb. 50c.

PUMPKIN

502 Connecticut Field—A large orange-yellow flesh pumpkin planted extensively with corn for stock feed. Also fine for canning and pies. Pkt. 8c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 60c.

503 Small Sugar Pie—Rich orange flesh, thick, sweet and fine flavor. Makes delicious pies. Pkt. 8c, 1 Oz. 10c, ¼ Lb. 25c, 1 Lb. 65c.

SPINACH

510 New Zealand—Enjoy fresh, tender greens all summer. The more you cut the more it grows. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 50c.

511 Nobel's Giant Thick Leaf—Large, dark green crimped leaves, and one of the heaviest yielders. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 50c.

512 Savoy Bloomsdale—Large, curled, deep green leaves. Plant real early and enjoy early greens. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 50c.

513 Mustard Spinach or Tendergreen—An attractive garden green that combines the flavors of mustard and spinach. Pkt. 8c, 1 Oz. 20c.

RADISH

501 Early Scarlet Globe—The real early bright scarlet, crisp and tender radish that is popular. A fine home garden variety.

504A Early Bird—The earliest bright scarlet radish with tender icy white flesh. Very mild, fine flavor, the most desirable for home gardens.

505 French Breakfast—An early, olive shaped radish, red with a white tip. A crisp favorite.

506 Sparkler—An early, very desirable radish for home gardens. An improved strain of the old Scarlet Turnip White Tip. Juicy flesh, pure white, fine flavor.

507 New Crimson Giant—Noted for its large size and crisp, white flesh. Solid, deep crimson roots.

508 White Icicle—One of the finest for home and market gardens. Clear white flesh, mild and very brittle.

509 California Mammoth White—An excellent fall radish with long, crisp, white flesh roots.

510A China Rose—Pure white flesh, fine for winter.

PRICES ON ALL RADISHES (Alike or assorted, Your choice): Pkt. 8c, 1 Oz. 10c, ¼ Lb. 20c.

SQUASH

521 Spaghetti—A new vegetable that you will enjoy growing. A distinct flavor and very nourishing. Makes an appetizing dish. Pkt. 8c, 1 Oz. 20c, ¼ Lb. 40c.

527 Chicago Warty Hubbard—Dark green, warty, and deep orange-yellow flesh. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 30c, 1 Lb. 75c.

528 Acorn, Table Queen—An excellent squash just the right size to cut in half for serving. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

529 Early White Bush (Patty Pan)—Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

530 Early Straightneck—Warty, lemon yellow fruits with light yellow flesh. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

531 Striped Cushaw—Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

532 White Cushaw—Pkt. 8c, 1 Oz. 15c, ¼ Lb. 35c.

TURNIP

533 Purple Top Strap Leaf—Flat, medium sized roots, purple topped, fine grained and mild. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 30c, 1 Lb. 65c.

534 Purple Top White Globe—Most generally planted of all. Globe shaped and white, tender flesh. Mild. Pkt. 8c, 1 Oz. 15c, ¼ Lb. 30c, 1 Lb. 75c.

LAWN GRASS SEED

All Grass Seeds Are Postpaid.

Best Quality Mixture—A good lawn is the initial step in beautifying the home, and this selected mixture of Kentucky Blue Grass and other choice grasses will make your lawn a beauty spot. This mixture is not loaded with cheap, ordinary grasses, but is carefully blended to give you a deep, soft, green turf. We are confident you can buy none better. 1 Lb. 45c, 3 Lb. \$1.25, 5 Lb. \$1.95, 10 Lb. \$3.75.

Extra Heavy Kentucky Blue Grass—A choice lot of extra fancy seed with a high germination and purity and by far cheaper to use than light, chaffy, low priced seed because it goes much farther. Gives a very fine textured sod. 1 Lb. 45c, 3 Lb. \$1.25, 5 Lb. \$1.95, 10 Lb. \$3.75.

White Dutch Clover—1 Lb. 30c, 2 Lbs. \$1.75.

TOMATO

INTER-STATE'S PEONY GUARANTEE

Our peonies are guaranteed to be satisfactory when you get them and also when they bloom. If you are not satisfied when they bloom, you may select from our catalog, without cost, whatever you wish, equal to twice the amount you paid for the peonies.

Our iron-clad guarantee tells more in a few words than pages of writing. We can make such a guarantee because we know our peonies are the finest produced. We cordially invite you to visit us the latter part of May and early part of June. You will see millions of peony blooms.

Peonies can be planted in the spring just as successfully as in the fall. In fact, it is much better to plant this spring than to wait until this fall as you will gain a season's growth. Buy one or all three of these peony collections. All Peonies Postpaid.

MEMORIAL PEONY COLLECTION

Our Most Popular Peonies

1. **Edella Superba**, the great "Memorial Day" rosy-pink peony. Each 25c.
2. **Crown of Gold**, pure white with center petals edged crimson and a sheen of gold in the center. Each 40c.
3. **Felix Crousse**, for freedom of bloom, beauty of flower and all-around dependability no other red can surpass it. Rich ruby-red. Each 40c.
4. **Mons. Jules Elie**, giant blooms of an indescribable lustrous pink, different from all other peonies. Each 50c.

Every Peony in this collection is large flowered, each bloom almost half as large as this entire page. All are free-blooming.

1 Each of All 4 for \$1.00 Postpaid

(Regular Price \$1.65)

FREE with each Memorial Collection, 1 New, Unusual Peony, the outer petals are a rich velvety scarlet-crimson and the entire center is a bright golden yellow. If you want this peony alone, the price is 50c. You can also buy separately any of the above peonies at prices shown for each variety.

PLANT PEONIES THIS SPRING

EASY TO GROW — BLOOM EVERY YEAR — LAST A LIFETIME

SASS PEONIES

These are new peonies from the Sass Brothers, the greatest Peony and Iris originators in America. If these peonies were named, you would pay \$1.00 each for them and we tell you frankly, they are well worth it. Rarely do you get an opportunity like this. All are large double flowers, produced very freely on strong stems.

No. A8 — A beautiful pure pink, very large, that will delight you.

No. A11 — An exceptional rich crimson that does not fade.

No. A12 — Immense flowers of exquisite sea-shell blush.

No. A15 — Magnificent large blooms, white tinged a delicate buff.

1 Each of All 4 for \$1.00

Postpaid

If you do not want all 4, take your choice at 40c each.

3-FOR-1 COLLECTION

Last fall, these 3 wonderful peonies sold for \$1.00 each. Now you can get all 3 for a single dollar.

1 Rosabel, large perfect blooms of American Beauty rose-red.

1 Ball O' Cotton, fragrant blooms that look like large white balls.

1 Elwood Pleas, lovely flowers with crinkly petals of light pink.

1 Each of All 3 for \$1.00

Postpaid

You might as well get all 3 for a dollar because if you buy any one singly, the price is \$1.00 each. Every one is a good bloomer, good stems, peonies you will be proud to have in your garden. You find them in the gardens of peony "fans." You will write us that Rosabel alone is worth more than a dollar.

Vitamin B-1 Transplantone
 This mysterious chemical has been wide-
 ly advertised and the merits discussed in
 garden magazines. Some people have
 had wonderful results, others see little
 benefit. We believe it is worthy of trial
 especially if your soil is not the very best.
 Vitamin B-1 plus other growing chemicals
 is included in the material we send out.
 It is absolutely the best we have used our-
 selves. It stimulates root growth, makes
 plants easier to transplant and they grow
 better. Complete instructions on every
 package. Also good for house plants,
 backward garden plants and shaded
 lawn grass.

INTER-STATE FLOWERING VINES

MAKE A HOUSE A HOME

BOSTON IVY—IT CLINGS

BOSTON IVY

This is the vine you see clinging so closely to buildings that it seems as though the walls were shingled with leaves. Clings to the smoothest surface, stone, brick or wood, without support. Foliage colors beautiful maroon in the fall. Prefers a north or east side.

Each 35c, 2 for 60c

All vines listed on pages 76 and 77 are permanent and winter-hardy. Our strong field-grown plants are guaranteed to please you. **ALL VINES ARE POSTPAID.**

True Bittersweet—Its bright orange-red berries are so popular for winter bouquets. Plant 2 or 3 vines so they can cross-pollinize, thus producing more berries. **Each 40c, 2 for 75c, 3 for \$1.00.**

SILVER LACE VINE

Grows 10 to 12 Feet First Year

Each 50c, 2 for 90c

This is the fastest growing hardy vine. It will give you shade and flowers **THIS SUMMER**, usually growing 10 feet or more the very first year. From middle of summer until late fall, completely covered with thousands of lovely lacey white flowers. Ideal for porch and arbor. Easy to grow. Strong No. 1 Plants.

HALL'S HONEYSUCKLE

**Each 25c, 3 for 60c,
6 for \$1.00**

One of the most useful of all vines as it can be used for porch, fence, trellis and fine for covering bank or cave. Fragrant white and yellow flowers are produced all summer. Attractive blue-green foliage stays on far into winter. Very easy to grow and thrives in sun or partial shade.

Scarlet Trumpet Honeysuckle—Like Hall's except flowers are bright red. **Each 25c, 1 for 60c, 6 for \$1.00.**

DUTCHMAN'S PIPE

Each 75c, 2 for \$1.35

A magnificent, rapid-growing vine with very large, heart-shaped leaves. Especially fine for porch and arbor as it makes a perfect shade. Odd-shaped brownish flowers in May-June.

Euonymus Vegetus—Retains its dark green foliage all winter. Clings to anything. Grows rather slowly. **Each 75c.**

INTER-STATE'S PINK WISTERIA

You all know and love the popular Purple Wisteria. But here is a new variety with lovely pink flowers in clusters 15 to 18 inches long! Our plants are grafted and generally bloom next year after planting. We guarantee them to bloom not later than the second year. Perfectly hardy and easy to grow. This rare vine is generally priced at \$1.50 or more.

Heavy Plants—Each \$1.00

Medium Plants—Each 75c

CLEMATIS

Our Clematis are the finest 2 Year No. 1 plants and will BLOOM THIS SUMMER. They are far better than smaller plants. Set some annuals like Alyssum, Petunias, around the Clematis to protect the roots from the hot sun and the bloom will be greatly increased.

Clematis Jackmani—A gorgeous vine that produces immense royal-purple flowers (4 to 6 inches across) nearly all summer. It will be your pride and joy, and the envy of the neighborhood. **Each 85c.**

Clematis, Henryi—Large, lovely flowers of satiny white produced freely all summer. **Each 90c.**

CLEMATIS COLLECTION

1 Jackmani, purple

1 Henryi, white

1 Mme Ed. Andre, red

ALL 3 ONLY \$2.35

Clematis, Mme. Ed. Andre—Large, striking flowers of velvety red produced in great abundance. **Each \$1.00.**

Clematis, Montana Und. Hundreds of lovely pink flowers in April and May. A vigorous growing, extremely hardy vine that thrives under most difficult conditions. **Each 75c.**

Clematis, Texensis—From June to frost, this handsome, hardy Clematis produces its bright red, bell-shaped flowers in great profusion. Grows 10 to 12 feet. **Each 75c.**

Clematis, Paniculata (Sweet Autumn Clematis)—This is one of the most satisfactory, hardy, climbing flowering vines. A strong grower, it is completely covered with small, pure white, fragrant flowers in late summer and early fall. **Each 35c, 2 for 60c.**

VINE SPECIAL

1 Pink Wisteria

1 Summer King

1 Clematis Jackmani

All 3 for \$2.15

Postpaid

(\$2.60 Value)

Giant Purple Wisteria—One of the most magnificent of all vines, becoming more beautiful each year and lasting for generations. The lilac-purple flowers come in long clusters in June-July. Our plants are grown from blooming wood so you will get the true flowering type. Usually they start blooming first year after planting. **Each 50c, 2 for 90c.**

Engelman Ivy—Popular for porch, fence and arbor because it grows so rapidly and does well everywhere. Foliage colors in the fall. It will cling to brick, stone or wood. **Each 30c; 2 for 50c.**

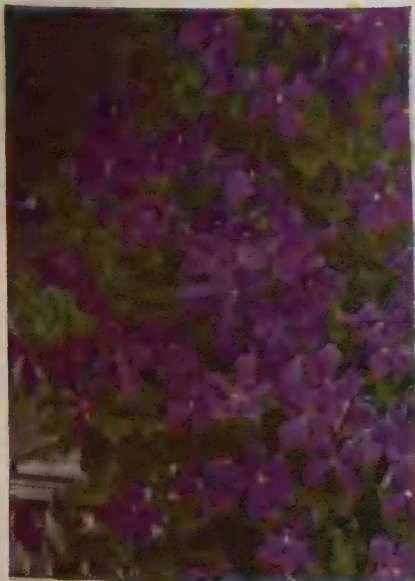

Summer-King (Gold-Flame)—Ever-blooming Honeysuckle. This is one of the choicest plants in our entire catalog. From June to October it is covered with hundreds of fragrant flowers, flame-scarlet outside and lined with gold inside. It is perfectly hardy, easy to grow and succeeds everywhere. Equally fine for porch, arbor, trellis, fence or ground cover. Our strong No. 1 plants WILL BLOOM THIS SUMMER. **Each 75c, 2 for \$1.25.**

THEY'LL BLOOM FOR YOU THIS SUMMER

Sunset Lily (*Pardalimum Giganteum*)—This is one of the most attractive and satisfactory of all lilies. Sturdy, dependable, hardy. It grows 5 to 6 feet tall and is a grand sight in mid-summer with its clusters of large flowers, glowing scarlet with an orange heart, dotted maroon. Plant it as early as possible. Selected Bulbs, 5 to 6 inches around. POSTPAID. Each 30c; 2 for 50c; 5 for \$1.00.

Red Coral Lily—One of the most useful lilies. Grows only 18 inches tall, fine in the border, the rock garden. The flowers are not so large, but their color is such a brilliant yet pleasing shade of scarlet that they highlight the entire garden all through June. Perfectly hardy and easy to grow. We send extra select bulbs 3 to 4 inches around. POSTPAID. Each 20c; 3 for 50c; 8 for \$1.00.

Complete Planting Instructions Sent with Every Order. See Page 7 for Free Premiums.

AZTEC TIGER → FLOWER

These strikingly beautiful flowers are huge, often 6 inches across and the most unusual flower in the catalog. Each bloom lasts but a day, opening at dawn, closing at sundown, doing this all summer long. They come on stems 20 inches tall. Plant them in late spring when weather turns warm. Best quality No. 1 Bulbs, 3 to 4 inches around. POSTPAID.

LARGE FLOWERING CANNAS FOR A GLORIOUS BORDER OR BED THAT BLOOMS TILL FROST

Inter-State Cannas are well known for their large and beautiful flowers. A bed or border will give you a brilliant display all summer and fall until frost. We send **BIG EXTRA FINE BULBS**, the finest you ever had. Plant cannas 18 inches apart each way. A round bed 7 feet across takes 19 bulbs—1 in center, 6 in 1st row and 12 in outside row. A 10-foot bed takes 37 bulbs—1 in center, 6 in 1st row, 12 in 2nd row and 18 in outside row. Plant in full sun and do not plant too early; wait until the ground warms up.

CANNA VARIETIES

Apricot—Apricot-salmon, green foliage. 3½ ft.
Copper Giant—No. 4 in picture. New. Giant flowers, old rose suffused burnished copper, green foliage. 5 ft.

THREE OF AMERICA'S FINEST FLOWERS

3 Regal Lilies
3 Delphinium Cliveden Beauty
3 Delphinium La Martine

All 9 for \$1.00
Postpaid (\$1.60 value)

Regal Lily—The favorite hardy white Lily. The flowers are more than twice as large as pictured—beautiful, fragrant, white tinged pink on the outside and gold on the inside. Produced freely in large clusters (often 25 blooms on a single stem) in June-July on stems 3 to 4 feet tall. Grown all over America, thriving in sun or partial shade. Perfectly hardy, they will come up year after year. POSTPAID.

Fine Bulbs, 4 to 5 inches around—Each 15c, 3 for 40c, 6 for 60c, 12 for \$1.00.

Larger Bulbs, 5 to 6 inches around—Each 20c, 3 for 50c, 9 for \$1.00.

Mammoth Bulbs, 7 to 8 inches around—Each 25c, 3 for 60c, 6 for \$1.00.

Delphinium, Cliveden Beauty—This is the light blue flower pictured above. A color so exquisite that you will think a bit of summer sky has fallen in your garden. Blooms very freely, producing several crops of flowers during the season. Healthy vigorous grower—perfectly hardy, easy to grow, lasts for many years. Lovely in the garden and very fine for cutting. Grows about 4 feet tall. POSTPAID.

Each 25c, 3 for 60c, 6 for \$1.00, 12 for \$1.75

Delphinium, La Martine—This is the dark blue flower pictured above. Imagine a healthy, vigorous plant, shoulder high, well-branched and producing these amazingly beautiful flowers of deep, richest blue, from June until frost. Require no special soil or care, come up year after year. POSTPAID.

Each 25c, 3 for 60c, 6 for \$1.00, 12 for \$1.75
